CATALOG of BULBS, EVERGREENS
DECIDUOUS TREES, HARDY VINES
SHRUBS, HERBACEOUS PERENNIALS
ROSES for AUTUMN PLANTING and
EVERGREENS for FORESTRY PURPOSES

BEDFORD, MASSACHUSETTS
TELEPHONE LEXINGTON 274 W
Notice to Correspondents

Correspondents will greatly oblige by observing as far as possible the following directions:

All orders as well as all names and addresses should be written out legibly and in full; and it would greatly facilitate shipments if orders are sent in early.

It is requested that explicit directions for marking and shipping packages accompany each order. When it is left to us to choose the mode of conveyance, we will exercise our best judgment. We pack in such a manner that ornamental trees, shrubs, evergreens and hardy border plants can go safely by freight. In all cases, the articles are at the risk of the purchaser after being shipped; and if delay or loss occurs, the forwarder alone must be held responsible. While we agree to supply thrifty trees, shrubs and plants, we do not warrant them after shipment, nor are we responsible for losses resulting from natural causes.

Our customers are requested to notify us instantly of any errors that may be committed in filling their orders, so that we may at once make ample amends, as we desire to conduct our business in all respects satisfactorily to those who favor us with their confidence.

TERMS.—Cash with order or a satisfactory reference from strangers. Dealers and those having an established rating need not send reference.

Discounts

On all orders accompanied with cash, we allow a discount of 5 per cent from the prices given in this catalogue.

Six plants of one variety will be charged at the rate per dozen.

Twenty-five plants of one variety will be charged at the rate per hundred.

Remittances should be made by Postoffice Money Order, Drafts on Boston or New York banks, or Express Money Orders. Postage stamps will be found a convenient method of remitting for small amounts and can be used by us to advantage.

The Planting Season

Fall planting is often preferable to spring planting, inasmuch as trees and plants set out then become well established in the ground before the next growing season, and are in condition to start as soon as the frost is out of the ground in the spring.

Evergreens transplant well in August and September.

Deciduous Trees and Shrubs are generally in condition to be moved by September 15th, and fall planting can be continued until the ground becomes frozen.

Herbaceous Perennials can be safely transplanted any time after September 1st.

August and September are unquestionably the best months in the year for planting Evergreens for Forestry purposes.

We make no mention in this catalog of any Tree or Plant which is not sufficiently hardy to be safely transplanted in the Fall.

Our general Descriptive Catalog, containing reliable information regarding all hardy Trees and Plants worthy of cultivation, will be mailed upon request to any party who expresses a desire to obtain it.

Nursery Inspection

Our nurseries are inspected twice each year by the Department of Agriculture of Massachusetts, and our stock is declared free from all injurious insects and diseases.

Gardeners and Superintendents

Parties desiring skillful gardeners or men to manage estates will find it advantageous to correspond with us.

Important Notice

While visitors are always most cordially welcome, we ask the indulgence of parties calling during our busy Spring and Fall months, when it is quite impossible for us to devote so much time as we would wish to showing our Nurseries. The most courteous treatment possible, however, will always be given to those who visit us.

List of Contents

Bulbs for Forcing and Bedding .................................................. 2-13
Hardy Evergreens, including

TO OUR CUSTOMERS

URING the past Spring Season which in every way has been a most successful one, the weather remaining cool, and with frequent rains, we again found good cause to thank our many friends and customers for their patronage and continued confidence. Better than ever before, we were in a position to fill our orders promptly and with stock such as it is our aim to supply, and the many complimentary letters we are daily receiving from our satisfied customers, prove that we have been successful in our endeavor to please.

We are pleased to say, that the encouragement we have received has spurred us on to materially extend our planting, and the quantity of stock today being grown by us is in keeping with the confidence we have in our patrons, our business and ourselves.

Our "New England Grown" Trees and Plants have gained a reputation which it is our ambition to uphold, and nothing shall be left undone to keep the stock we supply of the best quality possible to obtain.

The Matter of What to Plant is often a puzzling question to many and we are always pleased to assist our readers in making the best selections. We do not pose as Landscape Architects, but we know plants and their requirements, and gladly offer to our customers such advice as we can give. We are constantly in touch with men who have made Landscape Gardening their life study, and whom we can conscientiously recommend, and we shall be pleased to assist our customers in obtaining the best services at reasonable rates.

Visitors can reach our Nurseries via Boston and Maine trains from the North Station, Boston, or via electric cars from Arlington Heights. The cars connecting Arlington Heights and Concord, pass directly through our property.

Telephone Lexington, 274 W.  Bedford, Massachusetts
New England Quality Bulbs
Not too Cheap, but how Good

The following listed Winter and Spring flowering Bulbs we supply in specially selected grades only. Bulbs of inferior grades are unsatisfactory at any price.

Unless otherwise stated all bulbs are ready for delivery in September.

Hyacinths

One of our most popular bulbs for effective beds outdoors or growing in the house in pots. Their very decorative, long-lasting, brilliant colors and delightful fragrance recommend them.

Garden Culture. Bulbs may be planted from September to December in any good, well-drained garden soil, which has previously been well-enriched and dug from 12 to 18 inches. Bulbs should be set 6 inches apart and 6 inches deep. Before the ground freezes, cover the beds with material, such as leaves, straw, pine branches, etc., to a depth of 4 inches. Do not uncover too early in spring.

Culture in Pots. It is always best to select solid, heavy bulbs and plant as early as possible. Care should be taken to fill a porous Portugal clay pot with light, well-enriched potting soil, and have the top of bulb just below the surface. Use a 5-inch pot for single bulb or four in a 6-inch pot. Give a good watering and set away in a cool place, covering them with about three to five inches of coal ashes or sand. Let them remain there for eight to ten weeks, bringing them to the light as wanted.

Culture in Glasses. We recommend the single varieties for this purpose and always the best named varieties. Place the bulb so that the base is just in contact with the water. A little charcoal is good to put in to keep the water pure. Keep in a dark, cool place until the roots are about 6 inches long; then bring into the light and water from time to time; change the water every few days.

Each, 6¢; doz., 50¢; 100, $5.50; 1000, $32.00. For free delivery add 12 cts. per dozen, 50c per 100.

Hyacinths for Bedding

Where special bedding is required of distinct colors, its very essential that named varieties be used. These bulbs average over 6 inches in circumference and can be dependent upon to produce excellent results, either for planting in pots in the house or out-of-doors.

The colors are:

- Scarlet
- Light Blue
- Yellow
- Crimson
- Blush-White
- Mauve
- Pure White
- Rose
- Soft Pink
- Lavender
- Purple

Price of the above, in separate colors with names:

Each, 7¢; doz., 75¢; 100, $6.00; 1000, $55.00. If by mail, add 3¢ each; or 12¢ per dozen, for postage.

Mammoth or Mother Bulbs

Mother Bulbs are the Best for Growing in Glasses. Each, 5¢; doz., $1.50; 100, $18. For free delivery add 15¢ per dozen, or 50¢ per 100.

Single Red, Rose and Pink.

Baron van Thuyll. Beautiful light rose, very early.

Cardinal Wiseman. Very broad spike, with bright rose flowers.

Delicatissima. Extra large bells of fine rose color.

Fabiola. Pink, distinctly striped crimson; extra.

Gardaldi. Brilliant crimson; large truss; early.

Gertrude. Bright, rosy red; large compact spike; very popular.

Gigantesca. Delicate shade of blush pink; large truss.

La Victorie. Immense, brilliant red truss.

Norma. Fine waxy pink; early, very distinct.

Single White and Blush

Baronne van Thuyll. Pure white; very broad truss.

Blanchard a Merveille. Pure white, fine large bells.

British Queen. Extra fine; pure white; for exhibition.

Grandeur a Merveille. Blush white; giant spike.

La Grandesse. Pure white; large spike and bells.

La Franchise. Large and waxy white.

L’Innocence. A pure white, handsome flower; one of the best.

Madame van der Hoop. Splendid white; early, large bells.

Single Yellow

City of Haarlem. Bright golden yellow; the best of all yellows.

Ida. Pure primrose yellow; large spike; early.

Single Blue, Purple and Violet

Czar Peter. Light azure blue, large spike and bells.

Grand Lilas. Silvery lilac; large bells.

Grand Maitre. Dark porcelain blue, extra large truss.

La Peyrouse. Clear porcelain blue; very showy flower.

Marie. Rich dark blue; very fine spike.

Pieman. Dark porcelain blue; large bells; immense truss.

Extra-Selected Single Hyacinths

All of these varieties have been listed for their special colorings and free-flowering qualities; they are all selected First Size Bulbs, especially for growing in pots or glasses for the home or for exhibition purposes, or where special colors are desired in bedding out.

For free delivery add 15¢ per dozen, or 50¢ per 100.

Single Dutch Hyacinth.

### Early Roman Hyacinths

If planted early in September and gently forced, will bloom in November, or flowers may be retarded until Christmas by keeping in a cool place. Plant six bulbs in a 6-inch pot for good effect.

For free delivery add 8 cts. per doz.; 50 cts. per 100.

### Feathered Hyacinths

Very pretty hardy spring flowers. Grow well in almost any soil.

HYACINTHS—Continued

Grape Hyacinths

For the Grass, hardy border, or in clumps between shrubs they are the most excellent and very inexpensive. Grown in masses, they produce best effect.

Free delivery add 10c per 100.

Alba. White. Doz., 20c; 100, $1.00; 1000, $7.00.
Coerulea. Blue. Doz., 15c; 100, 60c; 1000, $4.00.

Musk Hyacinths

Delightfully fragrant.
Major. Large, blue. Each, 56c; doz., $5.00.
Minor. Yellow. Each, 40c; doz., $4.50.

Miniature Hyacinths

Sometimes called Dutch Roman.

These are small, single flowers and are quite distinct from the French Romans. They are largely grown in pots, pans or boxes for early blossoms, being smaller in size, may be planted close together. They can be used for planting in the open ground with excellent results.

These have in separate colors with names:

Tulips

No flower excels the Tulip in beauty of form, brilliancy of color, effective bedding and gorgeous show. They are equally as desirable for bedding as for pot culture indoors. To produce a few bulbs scattered here and there are of but little value. They should be planted in masses or small groups and, so disposed, when in bloom become grand shrubbery, surpassing almost any other flower in variety of coloring and picturesque effect. The varieties below are all adapted for pot culture; especially so are the Duc van Thol sort, as they can be forced for Christmas blooming.

D indicates dwarf varieties; M, of medium height; T, tall-growing varieties.

**For free delivery add 5 cts. per dozen, or 30 cts. per 100, to the price.**

Single Tulips in Mixture

For free delivery add 5 cts. per dozen, or 30 cts. per 100 to the price.

Prize Mixture has been especially prepared by ourselves from the named varieties, using care that only those flowering together and of the same height should be included, and we use but the largest bulbs for this mixture. Doz., 35c; 100, $2.50; 1000, $20.00.

Selected Mixture contains a great number of varieties; well-blended colors; an excellent assortment. Doz., 25c; 100, $1.50; 1000, $12.00.

Superfine Mixture, as imported from Holland. Doz., 15c; 100, $1.00; 1000, $9.00.

Late-Flowering Varieties. See page 6.

Single Early Tulips in Separate Colors. Where effect is desired in different colors of stock, these make an excellent selection; will produce colors rarely obtained in any other mixture.

Crimson Dark Red White
Rose Pink Scarlet Yellow
Doz., 35c; 100, $1.75; 1000, $15.00.

Double Tulips in Mixture

For free delivery add 5 cts. per dozen, or 30 cts. per 100 to the price.

Prize Mixture. (Double Varieties.) For this mixture we have endeavored to maintain the same high standard as in the Single varieties, including as many sorts as possible in order to produce a well-blended effect when in flower. Doz., 35c; 100, $2.50; 1000, $20.00.

Selected Mixture. (Double Varieties.) Contains a great number of varieties, well-blended colors; an excellent assortment. Doz., 25c; 100, $1.50; 1000, $12.00.

Double Late Mixed. This class comes into flower from a week to ten days later than above; some of the best varieties are included in this mixture. Doz., 25c; 100, $1.25; 1000, $10.00.

Early Flowering Double Tulips

The earlier sorts are especially good for forcing and the later varieties more effective in beds or borders.

For free delivery add 5 cts. per dozen, or 30 cts. per 100 to the price.

THE NEW ENGLAND NURSERIES, BEDFORD, MASSACHUSETTS
Darwin Tulips.

**TULIPS—Continued**

**Giant Darwin Tulips**

This class is, without doubt, the Queen of Tulips. They range from two to three feet in height and their flowers are massive, weather resisting and very persistent. They are well adapted for every garden use, particularly for the planting of Grass vistas, the approaches to woodland and in shrub beds; their constitution is so strong that Grasses cannot choke them and they will thrive for several years without further attention. They force readily and we can recommend the Naples. For that purpose indeed, there is no finer group of Tulips for conservatory decoration at their season than these Darwins. They embrace nearly all shades of white, lilac, pink, crimson, while a few new and very interesting types are colored mauve, heliotrope, maroon and black-purple. Their centers are always clear and well defined, and in many cases a ring of white, gold or blue divides the basal from the petal coloring.

**Selected Mixture of all colors. Doz., 40c; 100, $2.00; 1000, $15.00.**

- Each Doz. 100
- Apricot. Deep bronze with shades of old gold, medium height. $0.10 $1.00 $6.50

**The Sultan. Color a deep black maroon.** .... 0.95 $3.00
**White Queen. Fins white.** .... 0.90 $3.25

**Late Flowering Single Tulips**

Also Called May Flowering and Cottage Tulips. These lovely late-flowering Tulips are very effective for all kinds of decorative work, and their value as cut flowers cannot be overestimated. They are eminently fitted for border cultivation for bedding, forcing and every purpose to which the early-flow-ering Tulips cannot be put. They do not grow from two to three feet high, and flower usually about Memorial Day, lasting fully two weeks in bloom.

**Named Single Tulips**

For free delivery add 5cts. per doz., or 30cts. per 100.

**Beauty of America.** Pale yellow turning white with red border. Doz., 40c; 100, $2.50.

**Bouton d’Or (Ida).** Tall, stately, cup-shaped flowers of a bright golden yellow; last a long time inperfect condition. A grand Tulip for massing for long dis-tance effect. Each, 5c; doz., 30c; 100, $1.55; 1000, $12.00.

**Bridesmaids.** Rose, striped pinkish white, sweet-scented; very popular; excellent in grass and for large borders. Height 18 inches. Each, 5c; doz., 30c; 100, $1.75; 1000, $15.00.

**Columbus.** (Gala Beauty). Rich, velvety crimson, striped with gold; shape the flowers of Mrs. Moon; deliciously perfumed, and excellent in every way. Height 16 inches. Each, 25c; doz., $2.00; 100, $14.00.

**Elegans.** Grand border Tulip; petals rich carmine, elegantly reflected, base yellow. The finest of the early flowering set for setting. A free grower. Each, 5c; doz., 50c; 100, $2.00.

**Gesneriana alba oculata.** Glistening rose with white center, exceedingly beautiful. Doz., 25c; 100, $1.50.

**Gesneriana major.** Large; crimson scarlet with gliter-blue black center. Excellent for massive bedding. Height 29 inches. Each 5c; doz., 30c; 100, $1.75; 1000, $15.00.

**General Roberts.** New. Color a shining, dark crimson; flowers elongated and graceful; petals often 4 inches long. Height 18 inches. Each, 8c; doz., 50c; 100, $3.50.

**Golden Crown.** Large golden yellow flowers, edged bright carmine and becoming suffused with scarlet with age. An old Tulip, but still indispensable for bedding and cutting. Doz., 25c; 100, $1.00; 1000, $7.50.

**Golden Eagle.** A very early flower, colored golden yellow, of goblet shape; a good bedder and a grand Tulip for cutting. Very free. Doz., 50c; 100, $1.75; 1000, $15.00.

**Inglescombe Pink.** (Salmon Pink). An extra large flower of a very pleasing salmon-rose shade; a very prominent flower among the late Tulips. Each, 5c; doz., 40c; 100, $2.50.
Inglescombe Scarlet. A very large flower of brilliant scarlet. Each, 5c; doz., 50c; 100, $2.25.

Isabella. (Blushing Bride.) Deep goblet-shaped flowers on stems a foot high, colored creamy white and pink, changing to cherry-red with age. A very choice and popular variety; forces well and a capital bedding Tulip. Each, 5c; doz., 40c; 100, $2.50; 1000, $20.00.

Jaune d'Or. A large egg-shaped flower of golden yellow tint, spangled and flushed rose externally; very distinct and fine. Height 16 in. Each, 5c; doz., 40c; 100, $2.50; 1000, $22.00.

John Ruskin. We are unable to give an exact description of this beautiful variety. In color, pink bordered golden, reminds one of the setting sun in its most beautiful colors. Flowers are borne on long, graceful stems. Each, 25c; doz., $2.50; 1000, $18.00.

La Merville. Rich coral color, with a yellow center, pitcher-shaped, sweet scented and very beautiful. Quite to the lay's fancy. Height 24 in. Each, 5c; doz., 40c; 100, $2.00; 1000, $18.00.

La Nigrette. Ball-shaped flowers of maroon-black. Height 18 in. Each, 5c; doz., 35c; 100, $2.00; 1000, $18.00.

La Reve. Immense goblet-shaped flowers of a rosy buff tone, with yellow base; very handsome and long-lasting. Each, 10c; doz., 75c; 100, $5.00.

McKinley. Giant globe-shaped flowers of glistening white. Each, 10c; doz., 60c; 100, $3.50.

Mrs. Moon. Giant late Tulip; flowers rich yellow, of elegant form, tapering and reflexing. One of the finest Tulips in cultivation. Height 2 feet. Each, 10c; doz., 85c; 100, $6.00.

Picotee. Elegantly recurved pure white flowers, changing in a few days to a pink, gradually becoming suffused with rose; very effective in borders or beds. Each, 5c; doz., 35c; 100, $2.00; 1000, $15.00.

Striped Beauty. Massive petaled flowers of deep goblet form; pure white flushed gray, crimson and blue; very effective; a strong grower of much substance. Each, 10c; doz., 60c; 100, $3.75.

The Fawn. Strong growing plant with goblet-shaped flowers, colored fawn with apricot external shading; of a large size and boldly erect habit. A capital Tulip of refined aesthetic character. Height 20 in. Each, 10c; doz., $1.00; 100, $5.50.

RARE AND CHOICE TULIPS

These species are remarkable for their great range of coloring, diversity of shape and markings. Their colors are very vivid; their flowers vary considerably in size, shape and color.

Free delivery add 5 cts. per doz., or 30 cts. per 100, to the price.

Cornuta. (Chinese Horned Tulip.) Petals curiously twisted like spiral leaves; yellow striped scarlet; flowers late in May. Each, 5c; doz., 35c; 100, $2.50.

Florentina odorata. (Sylvestris.) A charming Tulip that one could freely naturalize on the margins of woodland and in waste places. Its flowers are yellow, borne on graceful stems, and they have the rich fragrance of Violets. Flowers in April. Doz., 20c; 100, $1.75.

Fosteriana. A grandly flowering Bokhara species, with tapering orange-vermillion flowers of exceptional size and brilliance. Each, 25c; doz., $2.50.

Crocuses "THE HERALDS OF SPRING"

This brilliant and universally admired Spring flower will thrive in any soil or situation, but to be brought to the highest perfection it should be grown in an open bed or border of deep, rich, sandy loam. They are invaluable for pot culture.

MIXTURES OF CROCUSES

FALL AND WINTER-BLOOMING CROCUSES

(Colchicum)

These exquisite flowers will flower from October right up to January in the North and often in mild winters will appear amongst the snow. Any ordinary garden soil suits them. Plant as early as possible, quite shallow, barely covering them with soil.

MIXED | Doz. | 40c | 100 | $4.00 |
### Narcissus

**Popularity called "Jonquils" or "Daffodils"**

**Outdoor Culture.** Bulbs should be planted 4 to 5 inches apart, according to size of bulb, they should receive plenty of manure, which will make an excellent show of flowers. Pot Culture. Use same composition as for Hyacinths. Keep in deep and white petals, apart, according to size of bulb, they should receive plenty of manure, which will make an excellent show of flowers. Best to plant in bulb-pan six bulbs of one variety, of cultivation and almost sure to bloom.

#### Large Trumpet Narcissus

For free delivery add 12 cts. per doz., or 50 cts. per 100, to the price.

$0.20
Narcissus Poeticus

For free delivery add 5 cts. per dozen, or 30 cts. per 100, to the price.

Poeticus. The true Poet or Pheasant's Eye Narcissus. Pure white with red crown, very fragrant. Excellent for cutting; most popular.

Poeticus Ornatus. Somewhat larger than above. Broad white perianth with red crown; very early; most valuable for forcing. ..... 0.15  0.75  6.50

Poeticus Poetarum. Large, bold flowers; perianth pure white with entire crown crimson. Very striking ....... 0.20  1.25  8.00

King Edward VII. New. The very largest form of Poet's; an exquisitely beautiful flower of elegance. Each. 0c ... 0.60  3.50

Burdigaei. Pure white; yellow cupped scarlet .................. 0.20  1.00  7.00

Chinese Sacred Narcissus

(Chinese New Year Lily) Ready in October.

For free delivery add 3 cts. each; 25 cts. per doz.; or $1.00 per 100, to the price.

They are somewhat similar to the Polyanthus Narcissus and are usually grown in bowls partially filled with pebbles and water. We offer sound, extra large bulbs, each. 10c; doz. $1.00; original baskets of 30 bulbs, $1.75.

Double Narcissi (Daffodil)

Some of the most popular varieties of Daffodils will be found in this class, and no collection is complete without them.

For free delivery add 10 cts. per dozen, 50 cts. per 100, to the price.

Alba plena odorata. (Double Poet Narcissus) Large double, pure white flowers of delicious fragrance. Doz., 25c; 100c, $1.00; 1000, $7.96.

Incomparabilis plenus. (Butter and Eggs). Flowers large, yellow, with orange center. Fine for forcing and bedding. Each, 25c; 100, $1.50; 1000, $12.50.

Orange Phoenix. (Eggs and Bacon). White flowers, with orange segments in the center. A most effective variety for either forcing or bedding. Doz., 25c; 100, $1.50; 1000, $12.50.

Sulphur Phoenix. (Codiums and Cream). Large, pure white flowers. The largest and finest of the double varieties. Doz., 50c; 100, $2.00; 1000, $16.00.

Von Sion. (The “Old-fashioned Double Daffodil.”) Flowers deep golden yellow; very decorative; excellent for cutting, and most extensively used by florists for cut-flowers. Perfectly hardy and the right thing for the garden.

Single-Nosed Bulbs. Selected. Doz., 43c; $0.95; 1000, $35.00.

Single-Nosed Bulbs, Mammoth. Doz., 60c; 100, $2.50; 1000, $24.00.

Double-Nosed Bulbs, Mammoth. Doz., 60c; 100, $3.25; 1000, $30.00.

Narcissus Jonquilla, or Jonquils

A most delicate and graceful little flower, which shines in the richest yellow shades, and is filled with the sweetest perfume. Several flowers are borne on long, slender stems.

For free delivery add 5 cts. per doz.; or 30 cts. per 100, to the price.

Each Doz. 100

Alsace. Petals pure white with yellow eye; when bursting into flower the eye is slightly edged reddish. Broad, large flower of true Poet form; one of the earliest ...... $0.08  $0.50  $4.00

Elvira. Pure white, with yellow eye; large flower of a good substance. Long stemmed and a good keeper ...................... 0.05  0.50  3.00

The Irises, Flags or Fleur de Lis

The Irises form a most useful, interesting and beautiful class of hardy plants. The flowers of the Japanese Irises are often 8 to 10 inches in diameter and of remarkably varied and beautiful colors. They thrive best in a rich and somewhat moist soil; their blooming season is from the middle of June to about August 1. We carry in stock over 90 varieties, but will describe here only 25 of the best obtainable, selected from direct importations from Japan. Large plants: Each, 25c; doz., $2.50. (Order by number or name.)

Iris Kaempferi

Set of 25 varieties for $5.00.

No. 11 Mei-ran. Single carmine rose.
No. 14 Hana-sai. Double, bright violet-blue, shaded white.
No. 15 Uchib. Double, bluish purple, veined white.
No. 16 Oshikun. Double navy-blue, purple center.
No. 19 Kimi-no-megumi. Single, light blue, penciled, red center.
No. 22 Oniga-shina. Double, violet-purple, sapphire center.
No. 26 Senjo-no-hora. Double, dark red, splashed white.
Irish Snow Queen.

Queen of May. Rose-pink and very fine.
Rebecca. S. Golden yellow. F. Yellow splashed and veined with golden yellow.
Sappho. S. Blue. F. Royal-purple.
Silver King. S. and F. Pure white and very large.

Set of 20 varieties for $2.25.

Spanish Iris (Iris Hispanica)

The Spanish Iris blooms very early, and produce flowers in the most beautiful colors. If given a light mulching in Winter, they can be grown successfully out of doors. They can be forced easily in pots or pans, and are excellent for cutting.

Irish Germanica, or German Iris

The German Iris blooms in June and is one of the most desirable Spring-flowering plants. No garden should be without a collection and we offer below a number of the best and most profuse flowering varieties.

Price, except where noted: Each, 10c; doz., $1.50; 100, $10.00.

In the following descriptions "S" signifies standards or erect petals; "F" falls or drooping petals.

Aurea. Golden yellow.
Donna Maria. S. White. F. White, shaded lilac.
Duchesse de Nemours. S. and F. Blue, veined white and lilac.
Flavescens. Light primrose yellow. Very large and fine.
Florentina Blue. Similar to the preceding, except in color, which is deep rich Yale-blue.
Hector. Yellow, brownish-red, stained purple.
Honoribilla. S. Bright Indian-yellow. F. Chestnut-red.
L'Innocence. S. Pure white. F. White, slightly veined orange.
La Tendre. Violet and lavender.
Mad. Chereau. S. and F. White, edged and feathered with violet and pale blue.
Mauri King. S. Golden yellow. F. Chocolate, veined white.
Pallida Dalmatica. 3 to 4 ft. Lavender flowers in stately spikes. New and very fine. Each, 25c; doz., $2.50.
Purple Queen. S. and F. Rich violet purple.

No.
28 Shira-taki. Double, white with yellow marking.
29 Shiga-no-vio-nam. Double, sapphire and blue, penciled white.
31 Kosui-no-iro. Double, very light blue, white center.
32 Komochi-guma. Single, very dark bluish purple.
34 Monjil-no-laki. Double, pink ground, blue and yellow veined.
35 Shuchiu-kra. Single, white, margined with pink.
36 Yedo-kagami. Single, dark red, purple center.
44 Kyodai-san. Double, very dark blue, penciled white.
47 Samidare. Double, white.
49 Tsuru-no-kagoromo. Single, white.
50 Date-dogu. Single, dark red, pink center.

Unnamed Varieties, Mixed. Extra fine. Doz., $1.50; 100, $10.00.

Lilium - The Lilies

Single bulbs of Lilies mailed free at prices given. Rates on larger quantities do not include postage.

Special Notice. Lily bulbs will be forwarded as they mature. A full six weeks, Candidum and Harrisii from August on. Canadense, Elegans, Longiflorum, Superbum and Tenuifolium from end of September on. The entire balance in late October and November.

Garden Lilies
We name below only the most satisfactory varieties for garden planting, and such as can be relied upon for hardiness and free flowering. Lilies may be planted in the late Fall or early Spring, and should be set about 5 inches deep.

L. auratum. (Gold-banded Lily). Undoubtedly one of the finest. Its large, graceful, fragrant flowers are composed of six petals of a delicate ivory-white color, thickly studded with chocolate crimson spots, and striped through the center a golden yellow; July-September. Large bulbs: Each, 20c; doz., 15c; 100, $1.50.
L. Batemanni. Clear orange, unspotted. July to August. 3 ft. Each, 15c; doz., 15c.
L. Canadense. (Canada Lily). Flowers yellow red to yellow, spotted brown. Charming scattered among shrubs, and easy to cultivate. Each, 15c; doz., 15c.
L. Candicum. (Annunciation, or Madonna Lily). This is one of the most popular of garden Lilies. The flowers make pure snow before forcing use the fragrant, borne on long stems. To be successfully grown it should be planted early in the Autumn, so that it can make good growth before forced. Give the bulbs a light dusting with powdered sulphur, and do not cover with more than 2 inches of soil. 3 to 4 ft. May-July.
Large bulbs. Each, 15c; doz., $1.50.
L. elegans, or Thunbergiana. Deep maroon. July, 1 to 1 ½ ft. Each, 15c; doz., $1.00.
L. tigrinum. (Tiger Lily). Orange. July to Sept. 4 ft. Showy and most easy of cultivation. Each, 10c; doz., $1.00.
L. var. flore pleno. (Double Tiger Lily). Orange Aug. to Sept. 4 ft. Each, 15c; doz., 15c.

Lily of the Valve
One of the most useful of our spring flowers. Pure white, delicately scented. For open ground, we offer clumps, each containing many flowering crowns. Set 6 to 12 inches apart. For forcing use the flowering pips, 12 to 18 may be planted in a 6-inch pot, keeping the crowns above the soil. Ready for delivery in November and December.

Dresden Select. The largest and best for forcing. Strong pips with long roots. Doz., 25c; 100, $2.50; 1000, $25.00; case of 2500, $42.50.
Berlin Best. An excellent pips for early forcing. Doz., 30c; 100, $2.00; 1000, $17.50; case of 2500, $40.00.
Hamburg Best. For the striped and the late winter or spring forcing. Doz., 25c; 100, $1.75; 1000, $16.00; case of 2500, $37.50.

ORNITHOGALUM (Star of Bethlehem). Doz. 100
O. Arabicum. White with black center...$0.40 $2.50
OXALIS. (Bermuda Buttercup). Plant bulbs in sandy loam, and 6 to 8 in a ½-inch pot. Place in a sunny position.
O. Bowles. Light crimson. Large........... 20 2.00
O. cernua f. simplex. Single yellow... .30 2.00
O. cernua f. pleno. Double, yellow. Very fine. 50 2.50
O. multiflora alba. Pure white........... 30 2.00

RANUNCULUS. Choice mixture. ........ 20 2.00

The Paeonies
The Paeony is one of the hardest of flowering plants. It is easily cultivated, and in beauty and usefulness is rivaled only by the Rose. The flowers are lasting and exquisitely colored. They prefer a rich, deep soil. Our collection comprises over 100 varieties; below we name a few of the most free-flowering and beautiful sorts. We offer strong plants only.

Named varieties, except where noted: Each, 30c; doz., $3.50; 100, $20.00. Mixed colors. Doz., $2.90; 100, $15.

Double Varieties
Alba superba. White, large and full.
Amabilis grandiflora. White; very large, double. Petals fringed.
Amabilis speciosa. Rose, fading to white. Large, very double and sweet.

Baron Rothschild. Outside petals rose, center salmon.
Bicolor. Pink, center yellowish white.
Blushing Bride. Light rose, nearly white.
Buckii. Light crimson, with a red rose scented.
Caroline Mather. Purple crimson and very dark. Extra large.

Lily of the Valley.

The Easter Lilies
L. Harrisii. (Bermuda Easter Lily). This magnificent Lily is undoubtedly the best for Winter forcing, as it comes quickly into bloom. The flowers are trumpet-shaped, pure white, gracefully formed and delightfully fragrant. The bulbs should be set in early Fall in rich soil, and the pots plunged in sand, where they should be allowed to remain until the approach of cold weather. The freedom with which the flowers are produced is truly remarkable, even the smallest bulbs blooming freely, 7 to 9 inch bulbs. Each, 20c; doz., $1.75; 100, $12.50. 9 to 11-inch bulbs. Each, 40c; doz., $3.50; 100, $25.00.

L. longiflorum multiform. Pure white trumpet shaped flowers. Splendid for growing in pots for Easter flowering, and very desirable for outdoor planting, being quite hardy; 2 to 3 feet, according to strength of bulb; blooms in June outdoors. Large bulbs. Each, 20c; doz., $1.75; 100, $15.00.

Lily of the Valley Clumps
For Outdoor Culture.
These are grown from imported pips, and are extra-large, only the best quality of pips being used.
Large Clumps. Each containing many flowering pips. Each, 30c; doz., $3.00; 100, $25.00.

Duchesse de Nemours. Rose pink; very large, double and sweet. One of the best.

Festiva maxima. Pure white with carmine stripes in center. Extra fine. Each, 50c; doz., $5.00.

Festiva alba. White with creamy center. Each, 50c; doz., $4.00.

Fragrantissima. Rose and violet; very sweet.

Frances Ortega. Dark purple-crimson, very large and deep. Sweet.

Fulgida. Dark crimson and fine.

Grandiflora rosea. Crimson-rose.

Humel. Rose; full, large, late. One of the best.

L'Innocence. White. Outer petals rose.

Lady Dartmouth. Pure. Large. Rose-scented.

La France. Pink with yellowish center.

Officinalis alba plena. Double white, tinged red.

Officinalis rosea. Double crimson, changing to rose. Fragrant and fine.

Perfection. Rose lilac with salmon center. Fragrant.

Princess Mathilde. Large, silvery pink. New and rare. Each, 50c; doz., $6.00.

Sweetheart. Red, white and rose center.

**Single flowered peonies**

These often produce blooms 12 to 18 inches across and are among the most brilliant tints of color. Each, 50c; doz., $5.00.

**Elegant.** Large, bright pink.

**Princess Mathilde.** Dark red.

**Reine des Francaises.** White and very large.

**Peony tenuifolia, fringe-leaved**

Deeply cut, fringe-like foliage. Bright crimson flowers. Rare and fine. Each, 75c; doz., $7.50.

**Peony arborea (tree peony)**

A handsome dwarf shrub, free flowering, blooming about three weeks earlier than the herbaceous varieties. It is quite hardy, but is benefited by a slight protection in Winter. Each, $1.25; doz., $10.00.

**Banksia.** Rose-blush, with purple center. Very large and fragrant.

**Elizabeth.** Rose-crimson. Very large and full.

**SNOODROP.** (Galanthus). Doz., 100.

Elvies Giant. Large, white .......... 20 1.00

Single White. Large bulbs .......... 20 1.00

Double White .................. 35 2.00

**SCILLA.** (Squills). Early flowering and hardy, bulbs of the easiest cultivation. They thrive in any situation. Bulbs should be planted 3 inches deep.

S. Siberica. Flowers bright blue, resembling miniature Hyacinths; good in combination with Snowdrops or Crocuses; also good for forcing in pans ................. $0.25 $1.50

S. campanulata. Pure white .......... 20 1.50

S. campanulata rosea ................... 50 1.50

**Sparaxis.** Charming little bulbous plants for pot culture in the conservatory or window, closely resembling Ixias, but dwarfer and more compact. Eight to twelve bulbs may be planted in a six-inch bulb pan, covering them one inch.

**Choice named sorts.** The most beautiful grown .................. $0.20 $1.25

**Choice sorts, mixed.** In great variety........... .10 .60

**The spireas**

Each Doz., 100.

**SPIREA.** (Aruncus Kneiffi). Creamy white. June to July. 3 ft. A new variety and undoubtedly the finest and most graceful of its class. Flowers in large clusters and foliage finely cut ............... $0.20 $2.00

S. astilboides. White. June to July. 2 ft. Flowers in large, feathery plumes. One of the best ............ .15 1.50 $10.00

S. var. floribunda. Pure white. June to July. 2 ft. Most valuable for cutting and good for forcing or outdoor culture....... .20 2.00

S. Gladstone. Creamy white. July to Aug. 3 to 3 ft. One of the best .................. .25 2.50

S. Japonica. White. June to July. 2 ft. An old and valuable variety for garden or forcing............ .15 1.50

S. paludana. Vivid crimson. June to Aug. 3 ft. One of the best hardy plants ........................................... .15 1.50

S. Queen Alexandra. Deep pink. Aug. to Sept. 2 ft. A new variety of great beauty of which we can speak in highest terms. It blooms profusely, does well on any soil, and as a cut flower is unexcelled ..35 3.50

**TRILLIUM.** (Wood Lily, or Wake Robin).

T. grandiflora. Large white .......... .10 1.00 6.00
Evergreen Trees

The Planting of Evergreens

All Evergreens can be transplanted safely during the months of April, May, August and September, although a plant which has been carefully dug with a ball of earth, can be moved safely almost at any time during the year. We ship no Evergreens which have not been transplanted several times. An Evergreen which has not been transplanted is often a finer specimen than transplanted stock, but it is of little value to the buyer. The larger sizes are shipped with compact balls of roots wrapped in burlap. (See cut on this page.) This method of handling insures the plants against loss.

The Planting. In planting all Evergreens, the soil should be firmly pressed down in close contact with the roots. The latter should never be allowed to get dry before planting. A heavy mulching of the soil after planting is beneficial.

We can supply extra large specimens of a great many varieties, and are always pleased to give special quotations on such.

Christmas Trees (Real Live Ones)

The Norway Spruce and the Balsam Fir, are the most popular varieties of Evergreens used for Christmas Trees. If well established in tubs or pots, they may be used after the holiday for decorating porches, etc., or they can, with good success, be planted out. Small trees are attractive for adorning the table. We can supply well established trees, small or large, at a slight advance over the catalog price, and for delivery just before the holiday, but would ask that orders for such are given if possible not later than December 1st.

Evergreens Particularly Adapted for Forestry Purposes

(For Descriptions see General List of Evergreens)

The increasing demand for Evergreens suitable for forest planting has prompted us to increase materially our stock of the same. We have this year to offer thousands of plants grown particularly for this purpose. We do not offer young, untransplanted seedlings, but only transplanted and frequently root pruned stock. Of our quality trees 100% can, under ordinary conditions, be expected to succeed.

White Pine, (Pinus strobus).
Austrian Pine, (Pinus Austriaca).
Bank’s Pine, (Pinus Banksiana).
Dwarf Mountain Pine, (Pinus mughus).
Norway Spruce, (Picea excelsa).
White Spruce, (Picea alba).
Colorado Spruce, (Picea pungens).
Red Cedar, (Juniperus Virginiana).
Hemlock, (Tsuga Canadensis).

Prices for Evergreens in quantity upon application.

Abies - Fir

Leaves flat, scattered and silvery beneath. Cones erect on the upper side of the branches. Cones ripen the first year, scales breaking off at maturity and leaving the axis on the tree.

A. balsamea (Balsam Fir). "L." Of rapid, slender, pyramidal growth, with very dark foliage. Grows in cold, wet ground as well as in better soil.
3 ft., each ............................................. $0.75
4 ft., each ............................................. 1.00
5 ft., each ............................................. 1.25

A. Canadensis (Hemlock). See Tsuga Canadensis.
A. **Concolor** (Blue Fir). "L.m." A native of Colorado. Grows to a height of 50 ft. and more. The foliage varies in color from a glaucous-blue to a very light green. It is graceful and feathery, and as it grows older retains its lower limbs.  
- 2 ft. each $2.00
- 3 to 4 ft. each $3.50
- 5 to 6 ft. each $5.00
- 6 to 9 ft. specimens $6.00 to $12.00

A. **Fraseri** (The Southern Balsam). "L.r." A splendid native tree, like the Balsam Fir, but with darker, richer foliage, of better growth and of far more distinct and elegant appearance.  
- 3 ft. each $1.00
- 4 ft. each $1.50

A. Veitchii (Veitch's Silver Fir). "L.m." Resembles the Nordmann's Fir, though the silvery tint is more pronounced. It is hardy and makes one of the grandest of specimens. Foliage dark and massive.  
- 2 to 2½ ft. each $2.00
- 3 ft. each $3.00
- 4 ft. each $4.00

A. **Hudsonica glauca** (Hudson's Bay Dwarf Fir). "D.s." A dwarf, compact growing Fir with dark blue foliage. Hardy and reliable. Rare.  
- 2 to 2½ ft. each $2.50

### **Juniperus - Juniper**

**Juniperus Chinensis argentea** or foemina variigata. "D.s." Bluish-green foliage, very dense, interspersed with silvery white. One of the best of Junipers in growth and appearance. A charming dwarf plant.  
- 18 in., each $1.00
- 2 ft., each $2.00

**Juniperus communis. "V.D."** Our common Juniper, light, glaucous foliage.  
- 18 to 24 in., each $0.75

- 15 to 18 in., each $1.00

- 2 to 3 ft., each $0.75

**J. var. Suecica, compacta** (Swedish Juniper). "M.m." Grows much as the Irish does; of more bushy form.  
- 2 to 3 ft., each $1.00

- 2 ft., each $1.50

### **Abies Concolor.**

**J. Sabina** (Savin Juniper). "V.D.s." Prostrate, spreading branches, with somber green foliage. Hardy and well adapted for hill-sides, etc.  
- 18 to 24 in., each $1.00
- 24 to 30 in., each $1.50
- 3 ft., specimens each $3.00

**J. var. tamariciifolia** (Creeping Savin). "V.d." Quite prostrate, creeping over considerable space; fine for rocks, walls and dry places.  
- 18 to 24 in., each $1.50

### **J. Virginiana** (Red Cedar). "M.m." Tapering form, bright, rich green foliage. Useful for ornamental planting.  
- 1 ft., each $0.30
- 2 ft., each $0.50
- 3 ft., each $0.75
- 4 ft., each $1.00
- 5 ft., each $2.00
- 7 to 8 ft., specimens each $5.00

**J. Virginiana glauca** (Silver Red Cedar). "M.m." The foliage distinctly silver-gray. Quite prominent among other Evergreens.  
- 2½ to 3 ft., each $1.50
- 4 to 5 ft., each $3.00

**J. var. Schotti**. Fine pyramidal habit. Foliage peculiarly bright green.  
- 2 ft., each $1.50
- 4 ft., each $2.00

### **Picea - Spruce**

Cones pendulous, the cone remaining on the tree whole. Leaves four-sided and scattered (pointing in all directions).  
All the Spruces are very hardy, and desirable both as individual specimens on lawns or in masses. The
Picea—Continued.

White and Norway Spruces are used extensively for windbreaks and hedges. We will give special quotations for these in quantity.

Picea alba (White Spruce). "L.m." Light, silvery green foliage and dense pyramidal growth. Hardy in all locations, and particularly good for seashore planting.

3 to 4 ft., each ........................................... $1.00
4 to 5 ft., each ........................................... 1.50
5 to 6 ft., each ........................................... 2.50

P. Alcockiana (Alcock's Spruce). "M.s." A Japanese tree of the greatest value. It is hardy and retains its foliage well, being always of good form. The silvery tint of the lower leaf surface is in brilliant contrast at all times with the deep green above.

12 to 18 in., each .......................................... $0.50
2 ft., each .................................................. 1.00
3 ft., each .................................................. 1.50

P. Engelmanni (Engelmann's Spruce). "L.m." A choice and valuable Rocky Mountain tree of dense pyramidal growth. Has the stiff foliage of P. pungens, and in most cases the fine glaucous color of the latter.

3 ft., each .................................................. $3.00
4 ft., each .................................................. 4.00
5 ft., each .................................................. 5.00

P. excelsa (Norway Spruce). "Lr." The most generally used of Evergreen trees. Useful for screens and windbreaks on account of its rapid growth. It makes a tall tree, and as an individual tree, with room to develop; is of pyramidal, symmetrical growth, its lower branches sweeping the ground.

3 ft., each .................................................. $0.75
4 ft., each .................................................. 1.00
5 ft., each .................................................. 1.50
6 ft., each .................................................. 2.50
7 to 8 ft., specimens, each ................................ 3.50

P. var. aurea. "Lr." A golden-leaved form. In the early part of the season this is a brilliantly colored tree, and quite a favorite with planters.

3 ft., each .................................................. $1.00
4 to 5 ft., each ........................................... 2.50

15 to 18 in., spread, each ................................... $2.00

P. var. conica. "V.D.s." Cone-like growth; very dense, dwarf and compact. One of the best of small-growing conifers.

18 in., each ................................................. $1.00
2 to 3 ft., each ............................................ 2.50

P. var. elata. "Lr." Long, slender branches, widely separated, leaving the trunk of the tree largely exposed. Lower branches droop to the ground.

8 ft., each .................................................. $3.00
10 ft., each .................................................. 5.00

P. var. invera (The Inverted Spruce). "M." It forms a pillar-like tree, which, standing alone, is a dominant feature in the landscape.

3 ft., each .................................................. $1.50
4 ft., each .................................................. 2.00
5 ft., each .................................................. 3.50
7 to 9 ft., each ............................................ 5.00

P. var. pyramidalis (Pyramidal Spruce). "M.m." Deep green foliage on branches, ascending at narrow angles, forming a narrow conical tree. Very useful and effective.

3 to 4 ft., each ............................................ $2.00
4 to 5 ft., each ............................................ 3.00

P. var. pumila. "V.D.s." A pretty little dwarf form, not over 2 or 3 ft. in height. Excellent where dwarf growth is required.

12 in., each ................................................ $1.50

P. var. Pygmaea (Pygmy Spruce). "V.D.s." One of the dwarfest of the Spruces, attaining a height of about 2 ft. only. Short branches with stiff, small foliage.

8 to 12 in., each .......................................... $1.50

P. nigra (Black Spruce). "Lr." A native tree, with darker and shorter leaves than the White Spruce. Hardy and valuable in seashore planting.

2 to 3 ft., each ............................................ $1.00
3 to 4 ft., each ............................................ 1.50

P. orientalis (Eastern Spruce). Resembling a fine-leaved Norway Spruce, but much more elegant than the latter, of graceful form and dark, attractive foliage.

18 in., each ................................................ $0.75
2½ ft., each ................................................. 2.00
P. polita (Tiger-tail Spruce). "M.M." A tree forming a dense, broad pyramid, with stout branches and very stiff, sharp leaves. A pleasing shade of green. 3 ft., each $1.00 6 ft., each $2.00

P. pungens (Colorado Spruce). "L.R." Stiff pungent foliage and clusters of cones. No Evergreen tree can excel it, as it has the advantage of growing vigorously where many Evergreens fail; withstands the coldest seasons. 3 ft., each $1.00 6 ft., each $2.00

P. var. varians (Colorado Blue Spruce). Habit of growth similar to that of the preceding. Foliage of a rich blue or sage-color. Extremely hardy. 3 ft., each $2.00 6 ft., each $4.00

P. Banksiana or Divaricata (Bank's Pine). "L.R." Faster in growth than any other Pine. Very hardy and good for timber. Useful for seashore planting. 6 ft., each $5.00

P. Cembra (Swiss Stone Pine). "S.A." Of thick, regular growth, foliage resembling the white Pine and quite silvery. 3 ft., each $1.00 6 ft., each $2.00

P. Montana (Dwarf Mountain Pine). "D.S." Coarser and more upright than the following. Very hardy and excellent for massing on hillsides or for seashore planting. Attains a height of about 8 ft. 15 to 18 in., each $1.00 1½ to 2 ft., each $1.50 2 to 3 ft., each $2.50

P. Mugho (Dwarf Mugho Pine). "D.S." Of the highest value where a low, dense, spreading growth is desired. Very dark foliage and extremely hardy. 1½ to 2 ft., each $1.00 2 ft., each $2.00

P. ponderosa (Heavy-wooded Pine). "L.R." One of the tallest of the Pines, attaining a height of more than 100 ft. Leaves 6 to 8 in. long and silvery green. 3 to 2½ ft., each $1.50 2½ to 3 ft., each $2.00

P. resinosa (Red Pine). "L.R." A native Pine, with red bark and light green foliage growing in whorls. Useful for its timber. 3 ft., each $2.00

P. strobis (White Pine). "L.R." The most valuable of all Evergreens for timber purposes. A well-grown individual tree, with its light, silvery foliage is always highly ornamental. In age this Pine is most impressive. Useful for hedges, as it can be clipped like a shrub. 2½ to 3 ft., each $0.50 4 ft., each $0.75 5 ft., each $1.00 8 ft. specimens, each $2.50

P. var. nana. "V.D." A low ball-like growth, not over 1½ ft. Rare. 18 to 24 in. $2.00

P. sylvestris (Scotch Pine). "L.R." Foliage much more silvery than the Austrian. It is very desirable mass and shelter planting. 3 ft., each $0.75 5 ft., each $1.00

Pinus - Pine

Pinus Austriaca (Austrian or Black Pine). "L.R." A robust-growing variety, with long, dark green, stiff needles. Does well on all soils, and is one of the best Evergreens for seashore planting. 2 ft., each $1.00 3 ft., each $1.25

P. Banksiana or Divaricata (Bank's Pine). "L.R." Faster in growth than any other Pine. Very hardy and good for timber. Useful for seashore planting. 2½ to 3 ft., each $0.50

P. Cembra (Swiss Stone Pine). "S.A." Of thick, regular growth, foliage resembling the white Pine and quite silvery. 2 ft., each $1.00 3 ft., each $2.00

P. Montana (Dwarf Mountain Pine). "D.S." Coarser and more upright than the following. Very hardy and excellent for massing on hillsides or for seashore planting. Attains a height of about 8 ft. 15 to 18 in., each $1.00 1½ to 2 ft., each $1.50 2 to 3 ft., each $2.50

P. Mugho (Dwarf Mugho Pine). "D.S." Of the highest value where a low, dense, spreading growth is desired. Very dark foliage and extremely hardy. 1½ to 2 ft., each $1.00 2 ft., each $2.00

P. ponderosa (Heavy-wooded Pine). "L.R." One of the tallest of the Pines, attaining a height of more than 100 ft. Leaves 6 to 8 in. long and silvery green. 3 to 2½ ft., each $1.50 2½ to 3 ft., each $2.00

P. resinosa (Red Pine). "L.R." A native Pine, with red bark and light green foliage growing in whorls. Useful for its timber. 3 ft., each $2.00

P. strobis (White Pine). "L.R." The most valuable of all Evergreens for timber purposes. A well-grown individual tree, with its light, silvery foliage is always highly ornamental. In age this Pine is most impressive. Useful for hedges, as it can be clipped like a shrub. 2½ to 3 ft., each $0.50 4 ft., each $0.75 5 ft., each $1.00 8 ft. specimens, each $2.50

P. var. nana. "V.D." A low ball-like growth, not over 1½ ft. Rare. 18 to 24 in. $2.00

P. sylvestris (Scotch Pine). "L.R." Foliage much more silvery than the Austrian. It is very desirable mass and shelter planting. 3 ft., each $0.75 5 ft., each $1.00

Pseudotsuga

Pseudotsuga Douglasii (Douglas' Spruce). "L.R." A fine, long-lived tree from the Rocky Mountains, where it grows in great quantity. The foliage is soft and brilliant green in color, with bluish tint when young. It is of the most vigorous and symmetrical growth. 3 ft., each $1.00 5 ft., each $2.50 6 ft., each $4.00

Retinispora - Chamaecyparis or Japan Cypress

Retinispora filifera (Thread-branched Japanese Cypress). "M.S." Slender, string-like bright green foliage, drooping in long filaments. Graceful and pyramidal habit. 18 in., each $1.00 2 ft., each $2.00 3 ft., each $3.00

Retinispora - Chamaecyparis or Japan Cypress

Retinispora filifera (Thread-branched Japanese Cypress). "M.S." Slender, string-like bright green foliage, drooping in long filaments. Graceful and pyramidal habit. 18 in., each $1.00 2 ft., each $2.00 3 ft., each $3.00

Retinispora aurea (Golden Thread-branched Cypress). "M.S." A lovely bright golden form of the preceding; equally hardy. 12 to 15 in. spread, each $1.50
Thuya - Arborvitae

3 ft., each $0.75  
4 ft., each 1.00

T. var. alba (Silver-tipped or Queen Victoria Arborvitae). "M.m." Tipped with white, distinct.  
2 ft., each $1.00  
3 ft., each 2.50

2 ft., each $1.00  
3 ft., each 1.50  
4 ft., each 2.00  
5 ft., each 3.00

12 in., each $0.50  
18 in., each .75

T. var. Hoveyi (Hovey's Arborvitae). "D.s." A slow-growing form with golden green foliage.  
18 in., each $0.75  
2 ft., each 1.50

T. var. pyramidalis (Pyramidal Arborvitae). "M.r." Its form is very much like the Irish Juniper. The foliage is light green and compact.  
2 ft., each $0.50  
3 ft., each .75  
4 ft., each 1.50

2 ft., specimen, each $1.00

T. var. Sibirica (Siberian or Warreana Arborvitae). "M.r." We especially recommend this variety. Its slow-growing, dense form and its beautiful bluish-green foliage give it distinct character. It is one of the hardest and does not die out in hedges.  
18 in., each $0.50  
2 ft., each 1.00  
3 ft., each 1.50

T. var. spiralis. "M.m." A tree growing in spiral form, with dark green foliage.  
18 to 24 in., each $0.75

T. var. Tom Thumb. "V.D.s." Foliage resembling a Heath. Useful where low-growing forms are needed. Hardy.  
12 in., each $0.50  
2 ft., each 1.00

T. var. Vervaeana. "M.m." A fine hardy variety, in which the green is similarly intermixed with a predominating shade of golden yellow.  
18 in., each $0.60

Tsuga - Hemlock

T. Canadensis (Hemlock Spruce). "L.t." A graceful tree, with loose, open growth, and yew-like foliage. It can be kept in dense form if pruned. Prefers moist soil.  
12 to 18 in., each $0.40  
2 ft., each .75  
3 ft., each 1.00  
4 ft., each 1.50  
6 ft., each 3.00

T. var. Sargentii (Sargent's Weeping Hemlock). A flat-topped form with spreading branches and drooping branchlets. Very rare and desirable. 18 in., $2.90.

We can quote special prices on young Evergreens for Forest planting, I. e., Pines, Spruces, and Firs. Also on acclimated hybrid Rhododendrons, Rhodo-
dendron Maximowtz and Mountain Laurel, which we can furnish in carload lots.

For varieties of Evergreen trees not listed here, or not satisfactorily hardy for Fall-planting, see our General Catalog which will be mailed upon request.
Hardy Evergreen Shrubs, Plants and Vines

Andromeda
(A family of exquisite plants, all preferring deep, well-drained, acid soil)

ANDROMEDA Catesbaei. See Leucothoe Catesbaei.
A. polifolia (Moor Wort). "D.M." May. This little native Evergreen shrub is one of the most interesting of plants. The long narrow leaves are silver-white beneath, and bright glaucous above. The rosy pink, waxy flowers are urn-shaped, in clusters.

Price, each $0.50

Arctostaphylos uva ursi
Bearberry

ARCTOSTAPHYLOPS uva ursi. A trailing plant with rich glossy leaves. Excellent for covering rocky or dry places. Of rapid growth and very hardy. Well-rooted young plants.
Price, each $0.35

Berberis - Barberry
BERBERIS aquifolium or Mahonia aquifolium (Ashberry). "D.m." Its large, spiny leaves, which turn scarlet in fall, are much like those of the famous English Holly, and its bright yellow flowers in May are excellent. Good in shady spots.

12 to 18 in., each $0.50
18 to 24 in., each $0.60

Buxus - Boxwood
An evergreen shrub with close-growing, oval, dark, shining foliage. Stands pruning very well; thrives in almost any well-drained soil, and best in a partially shaded position.

BUXUS Ball or Globe Form. Useful for window boxes, or for bordering walks, or shrubbery planting.

Each Doz. 8 to 10 in. $0.25 10 to 12 in. $0.35 12 to 15 in. $0.50 15 to 18 in. $1.00

B. sempervirens (Dwarf Box). The real old-fashioned Box, valuable for edging purposes.

Doz. 3 to 4 in. $0.60 4 to 6 in. $1.00

Calluna - Heather
All are of the easiest culture, growing well in ordinary soils, and even in very poor sandy places. Its several fine varieties, named below, are perfectly hardy. They bloom continuously from July to September and serve to cover dry banks and hillocks, also as borders of beds and shrubberies.

CALLUNA vulgaris alba. White. Price, each $0.25
C. var. aurantiaca. Golden tints. Price, each $0.25
C. var. carnea. Red flowering. Price, each $0.25
C. var. pygmaea. Dwarf. Price, each $0.25

Daphne - Garland Flower
DAPHNE Cneorum. An evergreen, hardy plant, with closely set, glossy, narrow leaves. It begins in May to bloom, and its round clusters of bright pink, highly fragrant blossoms, much resembling the beautiful Mayflower of our woods, are borne in great profusion.
6 in., each $0.50
Large plants, each $1.00

Euonymus - Spindle Tree
EUONYMUS radicans (Creeping Euonymus). "V. D." A glossy, dark-leaved vine; or it will form a spreading shrub where it cannot climb. Valuable for covering walls to which it clings. 2 year, each $0.50; doz., $2.50.
E. var. variegata (Variegated Creeping Euonymus). Very distinctly variegated with white, yellow and pink shades. An equally strong grower, and very attractive on low walls. 2 year, each $0.50; doz., $3.50.
E. var. Vege tus, Round-leaved. A variety that is much sought by all who have seen it. In habit, it is more spreading than the type and of more rapid growth. Leaves broad, nearly round, and of a rich glossy green. 3 years, each $0.50; doz., $3.00.

Ilex - Holly
ILEX opaca (American Holly). "I. L." Resembles the English Holly; the foliage is of lighter shade, and should be cut off after transplanting. Fruit, bright crimson.
18 to 24 in., each $1.50
3 ft., each $4.00

Kalmia - Laurel
KALMIA angustifolia (Lambkill). Light green, narrow leaves with close clusters of dark red flowers.
Price, each $0.60.
K. latifolia (Mountain Laurel). This lovely evergreen shrub is hardy anywhere in New England. It prefers deep, leaf-mould soil, but grows wherever it will not dry out in summer. The beautiful pink and white flowers are of unique shape and aspect, borne in large clusters over broad, glossy foliage.

Each Doz. 18 to 24 in. $1.50
2 to 3 ft. $2.00

Prices on carload lots upon request.

Leucothoe
LEUCOTHEE Catesbaei (Andromeda Catesbaei). Foliage thick, heavy and pointed. A shining green in summer, the branches arching gracefully. The showy spikes of white flowers open early. Useful in shaded spots.

Each Doz. 12 to 15 in. $0.50
15 to 18 in. $0.75

Mahonia
MAHONIA aquifolium (See Berberis aquifolium).

YUCCA filamentosa (Spanish Bayonet). Narrow sword-like foliage, giving a rounded bristle-like effect. Tall showy spikes of creamy flowers on a stem 3 to 4 ft. high. Price, each $3.00; doz., $30.00.

Kalmia (Mountain Laurel).
Rhododendrons

We make annually large importations of hybrid Rhododendrons, and carry always in stock a complete variety of those reliably hardy in this climate. We positively handle no variety of questionable hardiness.

R. Catawbiense. This is a native, close-growing form, with handsome foliage and large trusses of deep rose flowers. A splendid variety to group with high-colored forms, as its foliage effect can be depended upon. Extra fine bushy plants.

Price on car load lots upon request.

R. Catawbiense grandiflora. The foliage effect is similar to the preceding, but of darker, richer green. Flowers deep rosy-purple, borne in great profusion.

1½ to 2 ft., each .......................... $1.00
2½ ft., each .......................... 2.00
3 ft., each .......................... 3.00

R. Catawbiense alba. Same as above, but with pure white flowers. 18 to 24 in. each, $1.50.

ALPINE RHODODENDRONS

Price, each ........................................ $1.25

R. hirsutum. Much like the preceding, but with hairy leaves.

Price, each ........................................ $1.25

R. punctatum. A beautiful native variety of dwarf habit, producing pale rose-colored flowers in great profusion.

Price, each ........................................ $1.25

R. Wilsoni. A beautiful dwarf variety with a profusion of pale lavender flowers.

Price, each ........................................ $1.50

R. Maximum (Great Bay). "L." July. This is the noblest of all our native shrubs, and is absolutely hardy from Vermont to Georgia. It has the most beautiful foliage of any kind of Rhododendrons; it being about twice as large as that of other sorts, and very thick and smooth. Forms a round, broad bush, from 6 to 15 ft. tall. Flowers pink and white.

2 to 3 ft., bushy, each .......................... $1.50
3 to 4 ft., bushy, each .......................... 2.00
4 to 5 ft., bushy, each .......................... 3.50
5 to 6 ft., bushy, each .......................... 5.00

By the carload, prices on application.

NAMED HYBRID RHODODENDRONS

The varieties we list have been well tested, and we confidently offer them as hardy in New England, consequently adapted to other parts of the country, except in extreme northern latitudes.

Prices of Named Hybrid Rhododendrons:

Each Doz. 18 in., well budded .......................... $1.00 $10.00
24 in., well budded .......................... 1.50 15.00
30 in., well budded .......................... 2.00 20.00
36 in., well budded .......................... 2.50 25.00
Large specimens, 4 to 5 ft., well budded, $5.00 to $10.00 each.

VARIETIES.

Abram Lincoln. Rosy crimson.
Album elegans. Blush, changing to white.
Atrosanguineum. Intense blood-red.
Boule de Neige. Pure white; very hardy.
Charles Bagley. Cerise pink.
Charles Dickens. Dark scarlet.
Delicatissimum. Blush-white, edged pink.
Everestianum. Rosy lilac, spotted red.
General Grant. Crimson-pink.
Gilganteum. Bright rose.
Gloriosum. White; bold flowers and good foliage.
H. H. Hunnewell. Dark crimson.
John Spencer. Clear, violet rose.
Kettledrum. Very lively crimson.
Lady Armstrong. Pale rose, beautifully spotted.
Lady Clermont. Red, shaded crimson.
Mrs. Miller. Rich crimson.
Parson's grandiflorum. Bright carmine.
President Lincoln. Reddish-pink.
Roseum elegans. Vivid rose; beautiful.
New England Collection of Hardy Herbaceous Perennials

A quantity of Hardy Herbaceous Perennials should be found in every garden. As cut flowers they are far superior to Annuals, and once planted, require but very little attention. A selection of varieties can be made which will furnish a constant supply of the finest cut flowers from frost to frost. We are always glad to assist our customers in making the right selection for various purposes and invite correspondence. Our plants are strong and vigorous and will bloom the first season after planting.

Prices—All Hardy Perennials, except where noted, each, 15 cents; dozen, $1.50; 100, $10.00. Twenty-five plants of one variety will be furnished at the hundred rate, and six at the rate per dozen.

Varieties not sufficiently hardy to be transplanted in the Fall have been omitted from this issue of our Catalog.

**FOR COMPLETE LIST OF VARIETIES SEE OUR GENERAL CATALOG**

**Special Old Fashioned Garden Collections**

- 12 plants in variety, 1 each, our selection...$1.20
- 25 plants in variety, 2 each, our selection...2.25

Prices are based upon the stock carefully packed and delivered f. o. b., Bedford.

**General List of Herbaceous Perennials**

**ACANTHUS mollis** (Bear's Breech). White to purple. 3 ft. July and August. Sun.

**A. millefolium roseum**. (Rosy Milfoil.) Pure white. July to September. 12 to 15 in. Foliage deep green and finely cut. Sun.

**ACONITUM napellus** (Monkshood). Deep blue. July to September. 3 to 4 ft. Flowers produced in large spikes. Sun or shade.

**A. Napelius** (True Monkshood). Deep purple-blue. July to September. 3 to 4 ft. A very free bloomer. Sun or shade.

**A. var. bicolor** (Variegated Monkshood). Blue and white. 3 to 4 ft. July to September. Sun or shade.

**ADONIS vernalis** (Spring Adonis). Yellow. 8 to 12 in. April to June. One of the earliest of spring-flowering plants. Sun or half shade.

**AEGOPODIUM Podagria variegata**. Cream white. 12 to 15 in. May to June. Sun.

**A. var. alba**. White. 1 to 2 ft. June to July. Sun.

**AIRA coerulea variegata** (Hair Grass). Purple. 1 to 2 ft. Sun.

**AJUGA reptans** (Bugle). Blue. 3 to 4 in. May to June. Sun or shade.

**ALSTROemeria aurea** (Peruvian Lily). Orange. 2 to 3 ft. July to August. A tuberous-rooted plant, requiring protection while young. Half shade.

**Althaea Rosea—The Hollyhocks**

Few hardy plants are more worthy of cultivation than the Hollyhocks. For interspersing among shrubbery, or planting in rows back of lower growing plants they are invaluable. Whether single or double they appear in the most lovely shades of color. They thrive in any good soil. A slight protection in winter is beneficial. The following strain is the most beautiful possible to secure.

- Price, each, 15c; doz., $1.50; 100, $8.00.
- Pure white. Double.
- Canary yellow. Double.
- Salmon. Double.
- Carmine-pink. Double.
- Red. Double.
- Purple-carmine. Double.

**Finest single mixed.** New England strain. Fringed or Alleghany.

**AMSONIA Tabernaemontana**. 2 to 3 ft. Late May and early June. A tough-barked perennial herb. Flowers pale blue, in dense spikes. Good in the hardy border.

All Hardy Perennial Plants, except where noted: Each, $0.15; per doz., $1.50; per 100, $10.00.
ANEMONE—Continued.
A. Pennsylvanicum (Canada Windflower). White. 1 to 2 ft. May to July. Sun or shade.
A. Pulsatilla (Pasque Flower). Purple. 9 to 12 in. April and May. Sun or shade.
A. syvlestris (Snowdrop Anemone). White. 12 to 15 in. April and May. Sun or shade.
ANTHEMIS tinctoria (Golden Marguerite). Yellow. 2 ft. June, July, and August. VRflows persistently; is good for cutting and easy of cultivation. Sun.
ANTHERICUM illastra major (St. Bruno's Lily), white. 1 to 2 ft. May to July. Lily-like flowers 2½ in. across. Requires protection. Sun.
APIOS tuberosa (Ground Nut). 4 to 5 ft. July and August. Vigorous habit; a native climber, coming in low grounds; grows well in the wild border in any loose, rich soil; desirable for the rapid covering of unsightly places; flowers fragrant; chocolate brown.

The Columbines

AQUILEGIA coerulea (Rocky Mountain Columbine). Blue and white. 1 to 1½ ft. May to July. Sun.
A. chrysanth (Golden-spurred Columbine). Yellow. 2 to 3 ft. May to August. Sun.
A. glandulosa, Blue and white. 1 to 1½ ft. May and June. Sun.
A. Skinneri (Mexican Columbine). Orange and red. 1 to 2 ft. May and June. SUn.
A. var. alba (Munstead White Columbine). White. 2 to 3 ft. April and May. Sun.

ARABIS alpina (White Rock Cress). White. 6 to 8 in. April to June. Fragrant. A valuable plant for the border.
ARENARIA Balearica. 4 in. Of moss-like growth and suitable for rock-work. White flowers.
A. maritima (Cushion Pink). Pink. 3 to 6 in. May and June. Sun.
A. var. robusta. Large, crimson flowers on stems 6 to 8 in. long, produced all through the summer. Very useful for edging, and good for cutting.

ARTEMISIA abrotanum (Southernwood). White. 3 to 4 ft. Sun.
A. Pontica (Roman Wormwood). Yellow. 1 ft. Leaves finely divided and whitish beneath.
A. Stelleriana (Old Woman). Yellow. Slivery foliage and flowers in racemes. 2 ft. Sun.

ARUNDO donax (Bamboo Reed). Reddish. Foliage large and graceful. 10 in. Sun.
A. incarnata. 3 to 4 ft. Leafy and branching; showy heads of red or purplish-red flowers in July.
ASPERULA odorata (Sweet Woodruff). White. 12 in. May and June. Shade.
ASPHODELUS latens (King's Spear). Yellow. 2 to 3 ft. June and July. Sun or half-shade.

The Asters—Michaelmas Daisies

The hardy Aster deserves a place in every garden as it thrives under any condition, is graceful in habit and blooms profusely when the scarcity of hardy flowers is most marked.

The following varieties are among the best of the older sorts, and all bloom profusely.

ASTER alpinus (Alpine Aster). Violet. 3 to 10 in. May and June. Sun or half shade.

New and Improved Varieties of Hardy Asters

The following named varieties of Asters were imported by us last year from Europe, and are this year offered for the first time in this country. They are found to be as hardy, but by far exceeding the older varieties in beauty. Each Doz.

Aster var. Autumn King. Light blue, dark center. 4 ft. September..................$0.50 $2.00
A. var. Bowman. Dark blue. 3 ft. September..........................20 2.00
A. var. Beauty of Bedford. Purplish-pink with yellow center. 3 ft. September..................20 2.00
A. var. Excelsior. Purplish-pink, with dark center. 2 ft. September..................20 2.00
A. var. Iceberg. Dwarf and floriferous. White. 1½ in. September..........................20 2.00
A. var. Juno. Large, purple flowers with golden center. 3 to 4 ft. September..................20 2.00
A. var. Maiden's Blush. Purplish-pink. 3 to 3½ ft. September..................20 2.00
A. var. Ne Plus Ultra. Light purple. 3 to 4 ft. September..................20 2.00

All Hardy Perennial Plants, except where noted: Each, $0.15; per doz., $1.50; per 100, $10.00.
ASTERS—Continued.  

Each  Doz.
A. var. Novae Angliae rubra. Large red, very showy. 4 ft. September............$0.20  $2.00
A. var. Novelty. Light blue with yellow center produced in great quantity. 1½ ft. September............ 0.20  2.00
A. var. Pink Beauty. Pinkish-lavender with dark center. September.......... 0.25  2.50
A. var. Polyphylllos. White with yellow center. September. 1 ft. ....... 0.20  2.00
Aster var. Snowdrift. Pure white and spreading in growth. September. 1 ft. .......... 2.00
A. Spectabilis var. Nuncio. Deep lavender. Individual flowers 2 in. across. Undoubtedly, the most beautiful tall flowering hardy Aster in cultivation. Excellent for cutting. 2½ ft. to 3 ft. September.... 0.25  2.50

ASTILBE (See Spiraea).

AUBRETIA deltoides (Rock Cress). Dark violet. 2 to 10 in. April and May. Sun or half shade.  

BELLIS perennis (English Daisy). Pink and white. 3 to 6 in. April to June. Flowers very double and beautiful. Sun.  

BETONICA (See Stachys).

BOLTONIA asteroides (False Chamomile). White. 4 to 6 ft. July and September and October. One of the best late flowering perennials. Sun.  

BUPHthalmAL salicifolium (Ox-eye). Yellow. 1½ ft. June and July. Sun or half shade.  

Campanula—Bluebells.

The beauty of the Bluebell is well known and the plant is most hardy and easily grown. The following list comprises the best and most free flowering varieties.  

C. latifolia macrantha. Purple. 3 ft. May and June. Flowers very erect. Sun and shade.  

C. media (Cranbury Bell). Biennal. 1½ to 4 ft. high. Late June and July. Flowers blue-white, rose and striped. Corolla very large and bell-shaped; bright and attractive.  

C. persicifolia (Peach Bells). Purple. 3 ft. June and July. Sun or shade.  

CASSIA Marylandica (Wild Senna). Yellow. 3 to 4 ft. July to September. Sun.  

CATANANCHE coerulescens. Blue. 2 ft. July and August.  

C. montana. Purple. 1½ to 2½ ft. May to 10 in. September.  

C. var. alba. White. 9 to 15 in. May to July. Sun.  

All Hard Perennial Plants, except where noted: Each, $0.15; per doz., $1.50; per 100, $10.00.

---

Campanula—Bluebells.

CHELONE Lyoni (Turtle Head). Red. 2 to 3½ ft. August. A most useful and handsome plant. Sun or half shade.  

C. obliqua alba. White.

The Daisies

CHRYSANTHEMUM leucanthemum hybridum (Shasta Daisy). A variety remarkable for its prolific flowering qualities, as it can be relied upon to bloom constantly from June until frost. It thrives under severe conditions, and the flowers, which frequently measure 4 in. in diameter, are unexcelled for cutting. White. 1 to 2 ft. Sun.  

Hardy Pompon Chrysanthemums

The hardy Chrysanthemum is very deservedly coming more and more into favor as a garden plant. Being very free flowering, excellent for cutting, and one of the last to disappear in late autumn, it should be more generally grown. While it is quite hardy, a slight winter protection is advisable. The following named varieties have been selected from a large number of prize winners.

Aura floribunda. Yellow. 18 in. October.  

Bridesmaid. Blush. 2 to 3 ft. October.  

CHrysanthemums—Continued.

Davidiana. Pink. 2 to 3 ft. October.

Goldfinch. Golden. 2 to 3 ft. October.

Golden Pheasant. Golden. 2 to 3 ft. October.

Julia La Graviere. Dark red. 2 ft. October.

Soleil d’Or. Orange. 2 to 3 ft. October.

Tiber. Red. 2 to 3 ft. October.

Victor. Crimson. 2 to 3 ft. October.

White Swan. White. 2 to 3 ft. October.

Yellow Queen. Yellow. 2 to 3 ft. October.

COREOPSIS racemosa (Snakeroot). White. 3 to 8 ft. July and August. Sun or shade.

COREOPSIS lanceolata grandiflora. Yellow. An easily grown plant, and probably the most continuous blooming perennial known. 2 ft. June to September. Sun.

Delphinium—Larkspurs

The Larkspur, one of the oldest plants in cultivation, is still considered indispensable for the hardy garden. It will bloom continuously if cut back when the flowers begin to fade.

D. var. alatum. Violet-blue. 3 to 5 ft. June to September. Flowers in long and heavy spikes. Sun or half shade.

D. fornorum (Oriental Larkspur). Blue. 2 to 3 ft. June and July. Sun or half shade. One of the best.

D. var. coelestinum. Light blue. 2 to 3 ft. June and July. Sun or half shade.

D. Gold Medal Hybrids. Blues, all shades, both double and single. 3 to 4 ft. June and July. Sun or half shade.

D. sulphureum (Zallii). Sulphur-yellow. 2 to 4 ft. June and July. Sun or half shade. Price, each, 25c.

Hardy Chrysanthemums.

Dianthus - Hardy Garden Pinks

The following list comprises the best of the old Hardy Garden varieties, together with some of the newer and greatly improved forms of the double Pinks. No garden is complete without its bed of Dianthus, and we offer the best varieties obtainable.

DIANTHUS barbatus (Sweet William). In separate colors of pink, crimson, white, pink and white, or mixed. 1 to 1½ ft. July. Sun.

D. Juliette. White and crimson. 1 ft. May to August. Very double and sweet. New and one of the best. Price, each, 25c; doz., $2.00.

D. Perpetual Snow. White. 1 ft. May and June. Double and very large. Flowers are delicately scented and the stems strong. It blooms constantly and freely, and is positively the best hardy white Pink in cultivation. Price, each, 25c; doz., $2.00.

All Hardy Perennial Plants, except where noted: Each, $0.15; per doz., $1.50; per 100, $10.00.
DIANTHUS—Continued.
D. White Reserve. White. 6 to 9 in. May to October. A profuse bloomer and worthy of a place in every collection. Very sweet.

New Varieties
The following three varieties are semi-double, very sweet-scented, and flower profusely until frost.

D. var. Ruby King. Semi-double and ever-blooming. Very sweet-scented. Dark red with crimson center. Like the preceding varieties, this is an excellent border plant and should be found in every garden. New. Price, each, 25¢; doz., $2.50.

DICTAMNUS fraxinella (Gas Plant). Red. 2 to 3 ft. May and June. Very charming and useful for cutting. Sun or half shade.
D. var. alba. White. 2 to 3 ft. May and June. Sun or half shade.

The Foxgloves

DIGITALIS grandiflora. Yellow. 2 to 3 ft. June and July. Sun or half shade.
D. purpurea (Foxglove). Purple. 2 to 3 ft. June to July. Sun or half shade.

DIGITALIS var. violacea. White to pink. 2 to 3 ft. June and July. Sun or half shade.
D. var. alba. White. 2 to 3 ft. June and July. Sun or half shade.

DODECATHEON meadia (Shooting Star). Purplish to 18 in. May and June. Sun or half shade.

DORONICUM excelsum (Leopard’s Bane). Orange. 1¼ to 4 ft. June.

ECHINACEA purpurea (Cone Flower). Reddish-purple. 2 to 4 ft. August and September. Sun.

EPILIBIUM angustifolia (Great Willow Herb). Magenta. 3 to 5 ft. June to August. Half shade.

EREMURUS robustus. Peach color. 6 to 9 ft. June and July. A very rare and interesting plant. Requires rich and well-drained soil and must be protected during the winter. Price, each, $1.00.

ERIANTHUS Ravenae (Ravenna Grass). 6 ft. August. A stately hardy grass, very ornamental; the foliage forms graceful clumps, from which arise handsome purplish plumes; sunny situations preferable.

ERYNGIUM amethystinum (Sea Holly). Blues. 1 to 3 ft. June to September. A most handsome and hardy plant.

E. aquaticum (Button Snake Root). White. 2 to 6 ft. June to October. Rare and useful for sub-tropical effects. Sun.

EULALIA graecilis. Plume. 5 to 9 ft. Leaves narrow and dark green. Price, each, 20¢; doz., $2.00.
E. Japonica. Plume. 4 to 5 ft. Foliage deep green and graceful. Flower panicles brownish-violet. Price, each, $2.50; doz., $30.00.
E. var. zebrina. Plume. 4 to 5 ft. October. Bars of yellow running crosswise of the leaves. Price, each, 25¢; doz., $2.50.

EUPATORIUM ageratoides (White Snake Root). White. 3 to 5 ft. August and September.

Dianthus (Pinks).

E. purpureum (Joe-Pye or Trumpet Weed). Purple-pink. 5 to 7 ft. July to September. Sun or half shade.

FESTUCA glauca (Fescue Grass). 12 in. June. One of the most handsome and hardy edging plants in existence. Foliage grass-like, glaucous blue, tufted and evergreen.

GERANIUM atrosanguineum (Red Crane’s Bill). Crimson. 2 ft. May to July. Half shade.

G. Steveni (Steven’s Chalk-plant). White. 1 to 2 ft. June and July. Somewhat dwarfer than the paniculata, but earlier and individual flowers larger. Sun.

All Hardy Perennial Plants, except where noted: Each, $0.15; per doz., $1.00; per 100, $10.00.
Helenium - Sneezewort

These are among the most valuable of the fall-flowering perennials. They are all very hardy, and useful not only with other Herbaceous plants, but excellent to plant among shrubs to give flower effect in late autumn.

HELENIUM autumnale var. rubrum. 4 to 5 ft. September and October. A new and beautiful variety. Flowers star-shaped and reddish-brown. A profuse bloomer. Price, each, 20c; doz., $2.00.

H. Hoopesii. Yellow. 1 to 3 ft. May and June. Earliest and very showy.

H. vulgare var. citrinum. Yellow. 6 in. June to August. Sun.

H. vulgare var. hyssopifolium. Copper. 8 to 15 in. June to August. Sun.

The Hardy Sunflowers

HELIANTHUS decapetalus (Sunflower). Yellow. 5 ft. September to October. Very free flowering.

H. giganteus. Yellow. 5 to 10 ft. September to October. Sun.

HELEBORUS nigra major (Christmas Rose). White. 6 to 12 in. March and April. Should be grown in cold frame, where it will bloom in December and January. Price, each, 35c; doz., $2.00.

HELONIUM laevis (Or-eye). Orange. 5 ft. June to October. Sun.

HEMEROCALLIS aurantiaca major (See Miscellan- eous Bulbs and Roots).

H. triloba. Blue. 4 to 6 in. May. Shade.

HEUCHERA sanguinea (Coral Bells). Crimson. 1 to 1½ ft. June to September. Sun or half shade.

HIERACIUM aurantiacum. Orange-red. 1 ft. Very showy. June to October. Hollyhocks (See Athis Rosea).

Hyssopus - Hyssop

HYSSOPUS officinalis. 1 to 2 ft. June to August. Aromatic shrub of culinary and medicinal value. Flowers insignificant; bluish-purple or white in leafy spikes. Good for edging. Can be trimmed like Box.

IBERIS coronifolia. 9 in. May and June. The finest of the evergreen Candytufts, producing globular umbels of pure white flowers in Spring. Useful for cutting.

L. chalcedonica plurissima. Pink. 1 to 1½ ft. May to October. Flowers are unexcelled for cutting. Thrives in any soil. Sun.

LYCHNIS Haemopus. Red. 1 ft. June to August. Large flowers in clusters, borne in profusion. Sun and half shade.

L. nummularia (Money-wort). Yellow. 2 in. June to October. Excellent for covering ground under trees or bare spots in shady places. Sun and half shade.

LYTHRUM Salicaria (Loose-strife). Purple. 2 to 3 ft. April and May. Half shade.

MALVA moschata (Marsh Mallow). Pink. 2 ft. June to September. A profuse bloomer and very hardy. Sun or shade.

M. var. alba. White. 2 to 3 ft. July to September. Sun and shade.

MERTENSIA Virginica (Lungwort). Blue. 1 to 2 ft. April and May. Sun and half shade.

M. var. splendens. Crimson-scarlet. 3 to 4 ft. June to August. Sun.

MYOSOTIS palustris (Forget-Me-Not). Blue. 4 to 8 in. April to July. Shade.

OROBUS vernum (Butter Vetch). Bluish. 1 ft. April and May. Sun.

PACHYSANDRA terminalis. White. 8 in. May and June. A valuable evergreen plant with glossy foliage. June and shade. Price, each, 25c; doz., $1.00; ½ doz., $1.50.

PAEONIES (See Miscellaneous Bulbs and Roots).

The Hardy Poppies

P. var. album. White. 1 ft. April to August. Sun.

P. var. miniatum. Orange. 1 ft. April to August. Sun.

Oriental Poppies

The flowers of this species are quite gorgeous and no border should be without them, as they can be grown successfully in any soil.

P. orientalis, variety of Oriental Poppy. The flowers are a bright scarlet with a black blotch at the base of each petal, and when in bloom the spring they make a very brilliant display.

Oriental Hybrids

The following named varieties are among the best of Oriental Poppies, and give a wide range of colors. Prices for all varieties, each, 25c; doz., $1.00.

P. var. Royal Scarlet. Scarlet. 3 ft. June and July. Unexcelled for size and brilliancy. Price, each, 50c; doz., $5.00.

P. var. Silver Queen. Silvery white, tinted pink.

P. ovatus. Purple. 2 to 3 ft. May and June. Sun.

The Phloxes

No hardy plants are more desirable than the Perennial Phlox. They thrive anywhere and can be planted to advantage wherever a rich color effect is desired. W. mention here only a few of the new and better varieties.

Each Doz. 100

Unless otherwise noted . . . . $0.15 $1.50 $10.00

Phlox Decussata

Elizabeth Campbell. New. Very large spikes, light salmon changing to pink in the center. Price, each, 25c; doz., $2.50.

Gen Van Hentz. New. Enormous flowers and trusses of the most brilliant salmon-red, with white center. Price, each, 25c; doz., $2.60.

All Hardy Perennial Plants, except where noted: Each, $0.15; per doz., $1.50; per 100, $10.00.
L'Esperance. Light lavender-pink, large, white center.
Louis Blanc. Reddish-violet, with purple shadings.
Miss Stevenson. Darker red. Very fine.
Missa Stevens. Deep pink with conspicuous crimson eye.
Cayman. Large flowers, pink. Very large pink velvet center.
French Blow. Delicate pink, deep rose center.
Richard Wallace. Pure white with rosy crimson eye.
R. P. Struthers. Bright pinkish-salmon, with crimson eye. New and most excellent.
Kynstroom. A gold-medal variety. New. Color, bright pink, each individual flower being larger than a silver dollar. Very large trusses. 2½ ft. in pot plants. 25c each; $2.50 per doz.
Selma. Delicate pale rose, with distinct red eye.
Vesuvius. Pure red with purple eye; a dazzling color.

**Phlox Suturificosa**

**EARLY TALL PHLOX**

P. subulata (Moss Pink). Pink. 4 to 6 ft. April and May. Foliage mosslike and deep green.

**PHYSOSTEGIA Virginica** (False Dragon Head).

**PLATYCODON grandiflorum** (Bellflower). Blue. 1 to 2½ ft. July to October. A most constant blooming plant. Sun or shade.
P. var. alba. White. 1 to 2 ft. July to October. Sun or shade.

**PLUMBAGO Larpentae** (Blue Leadwort). Blue. 6 to 12 in. August and September. Sun.

P. reptans (Greek Valerian). Blue. 6 to 8 in. April to June. A creeping form and very choice. Half shade.

**POLYGONATUM giganteum** (Solomon Seal). White. 2 to 6 ft. A very useful and valuable plant.

**POLYGONUM cuspidatum**. A vigorous-growing plant, 6 ft. in height, with large heart-shaped foliage, and innumerable racemes of white flowers; very useful for the wild garden, shrubbery borders, or for isolated positions on the lawn, etc. Price, each, 15c; doz., $1.50.

**POLYANTHUS** (Mountain Fleece). Rose or white. 2 to 3 ft. September to October. Half shade.

**PRIMULA officinalis** (English Cowslip). Yellow. 6 to 12 in. April and May. Half shade.
P. veris superba (Giant Primrose). Yellow. 6 to 12 in. Very fragrant. Showy and hardiest of the Primroses. Half shade. Price, each, 15c; doz., $1.50.

All Hardy Perennial Plants, except where noted: Each, 90c; per doz., $1.50; per 100, $10.00.

**Pyrethrum - Feverfew**

**Double Pyrethrum**

The double Pyrethrum are among the best of the hardy perennials. The foliage is deep green and finely cut, while the flowers which are borne on strong stems resemble large Chrysanthemums. They thrive in any situation. Price, each, 25c; doz., $2.50.
P. var. Michael Buckner. Rosy crimson.
P. var. Mont Blanc. White.
P. Ne Plus Ultra. Flesh-colored.
P. rubrum plenum. Rosy purple.

**RANUNCULUS acris** f. pl. (Bachelor's Button). Yellow. 2 to 3½ ft. May to September. Flowers double and good for cutting. Sun.

**RUBECKIA fuligosa** (Coneflower). Orange. 1 to 2½ ft. August to October. Half shade.

**R. purpurea**. 2 to 3½ ft. July to October. Large, handsome, crimson-purple flowers, with dark, central disk.

**R. sub-tomentosa**. 2½ to 5 ft. August and September. Brilliant lemon-yellow flowers with dark purple centers.

**Ruta - Rue**

**RUTA graveolens**. 1½ to 2½ ft. July. Panicles of small, fragrant flowers and divided leaves. Price, each, 25c; per 10, $2.00.

SANGUINARIA Canadensis (Blood Root), and good in groups. 1 ft. April. One of the earliest spring flowers. Shade.

SCABIOSA CAUCASICA (Blue Bonnet). Blue. 18 in. June and July. Sun.

SEDUM acre (Golden Moss). Yellow. 2 to 4 in. May and June. Good border plant. Sun.

S. Eversii var Turkestani- um. Purplish. 4 to 5 in. September and October. Sun.

S. sieboldii (Siebold’s Stonecrop). Pink. 6 to 9 in. August and September. A trailing plant with glaucous foliage, margined with pink, red and purple. A most beautiful plant and useful for bedding or rockwork. Sun.

SEMPERIVIUM (House Leek). Various colors.

SILENE maritima fl. pl. (Catchfly). White. 6 to 8 in. June and July. Sun.

S. perfoliatum. Yellow. 4 to 8 ft. September. Sun.

SOLIDAGO sempervirens (Golden Rod). Yellow. July to October.

S. rigida. Yellow. 2 to 3 ft. July to October. The brightest and showiest variety of the numerous species grown.

SPIRAEA (See Miscellaneous Bulbs and Roots).

STATICE latifolia (Sea Lavender). Blue. 1 to 2 ft. July to September. Flowers in immense heads; unexcelled as a cut flower. Sun.

STIPA pinnaata ( Feather Grass). 20 in. Showy plumes unqualified for decorations. Price, each, 20c; doz., $2.50.

STACHYS Lanata. White. 1 ft. August to October. It blooms profusely and is excellent for cutting. Sun. Price, each, 25c; doz., $2.50.

THALIAPHRUM aquile- gfolium (Meadow Rue). White. 2 ft. May and June. Price, each, 25c; doz., $2.50.

THERMOPSIS Caroliniana. Yellow. 2 to 4 ft. June and July. Sun or shade.

T. vulgaris. Lilac. 2 to 3 in. June and July. Sun.

TRADESCANTIA Virgin- iana (Speedwort). Purple. 1 to 2½ ft. May to August. Sun and shade.

T. var. alba. White flowers.

TRILLIUM grandiflorum (Wood Lily). White. 6 to 9 in. May. Half shade.

TRITOMA Pilzteri (Flame Flower). Orange-scarlet. 3 to 4 ft. August to October. Produces large spikes of flowers very showy and handsome. Sun or half shade.

T. nobilis. Orange. 5 to 7 ft. August to November. Sun or half shade. One of the showiest of hardy plants. Thrives in any soil.

Vernonia - Ironweed

Vernonia Nova Borasencenis. 5 ft. Tall and vigorous growth, and good in back of borders. Intense purple flowers in large heads.

Veronica - Speedwell

All Hardy Perennial Plants, except where noted: Each, $0.15; per doz., $1.50; per 100, $10.00.
VERONICA—Continued.
V. longifolia subsessilis. Blue. 2 ft. August and September. Flowers erect and in large spikes. One of the most beautiful of hardy plants. Sun.
V. spicata. Blue. 2 to 3 ft. June to August. A very free bloomer and good to cut. Sun.

Vinca - Periwinkle or Trailing Myrtle
VINCA minor (Myrtle). Blue. Vine. April to June. Evergreen and creeping. Excellent for ground covering or rockeries.
V. var. alba. A white-flowering form of the above. Price, each, 25c.

Viola - Violet
V. var. alba. White. 9 in. April to August. A white form of the above. Sun. Price, each, 20c; doz., $2.00.
V. var. Papilio. Violet. 9 in. April to August. Flowers very large. Sun. Price, each, 20c; doz., $2.00.
V. tricolor (Heart's ease). Deep purple, with yellow center. A miniature Pansy, extremely hardy. 6 in. April to August. Sun.

We carry in stock for late spring planting, a good assortment of Herbaceous Perennials established in pots. These can be safely transplanted in the open ground later than dormant plants, and give always good results. List of varieties furnished on application.

Bog Plants
The following are the most valuable kinds for colonizing in wet places and margins of ponds and brooks.

ACORUS CALAMUS (Sweet Flag).
Price, each .............................................$0.20
CALA PALUSTRIS (Water Arum).
Price, each .............................................$0.20
CALTHA PALUSTRIS (Marsh Marigold).
Price, each .............................................$0.20
SARRACENIAS FLAVA (Trumpet-leaf).
Price, each .............................................$0.25
S. PSITTACINA (Parrot-beaked Pitcher Plant).
Price, each .............................................$0.25

Stokesia.

Hardy Ferns
ADIANTA pedatum (Maidenhair Fern). 18 in. Handsomely cut fronds, with long, clean, ebony-black stems. One of the finest. Price, each .............................................$0.25
DICKSONIA plicatifolia (Gossamer Fern). 2 ft. Long, broad, deeply cut, light green foliage. Price, each .............................................$0.20
ONOCLEA sensibilis (Sensitive Fern). 18 in. Broad, triangular, light green fronds on long stems. Price, each .............................................$0.20
O. Struthiopteris (Ostrich Fern). 5 ft. A magnificent hardy Fern, with beautifully cut fronds of a rich green, and the whole plant of elegant habit. Price, each .............................................$0.30
OSMUNDIA regalis (Royal Fern). 3 ft. One of the most graceful of Ferns. Pale green fronds, which unfold in the most beautiful manner in early spring. Forms a broad clump of graceful effect. Price, each .............................................$0.20
O. cinnamomea (Cinnamon Fern). 5 ft. Handsomely divided fronds, densely clothed with wool when young. Price, each .............................................$0.20
PTERIS aquilina (Bracken). 4 ft. Coarse, dull green and leathery foliage. Price, each .............................................$0.20
WOODSIA ilvensis. 6 in. Forms a charming tuft of numerous, finely cut fronds about 6 in. long and 2 in. broad. Price, each .............................................$0.20

All Hardy Perennial Plants, except where noted: Each, $0.15; per doz., $1.50; per 100, $10.00.
Ornamental Deciduous Shrubs

A good shrub collection will present the greatest variety of color throughout the season, both in flower and foliage. Even in Winter it is attractive in appearance, from the gracefulness of its stems and branches and from the color of its bark. Prices are for the stock carefully packed and delivered to o. h. Bedford, unless otherwise stated. In this list we give color and time of bloom. For full description, see General Catalog.

Acer - Maple

One of the most widely known class of trees. They are comparatively free of insect pests, and for street and lawn planting are invaluable.

Acer dasyacarpum (White or Silver Maple). "A." The most rapid growing of the maples. 6 to 10 ft., each $0.75
8 to 10 ft., each $1.00

A. var. Wieri laciniatum (Wier's Cut-leaved Silver Maple). "A." Its foliage is deeply cut, and is borne upon long recurving pendulous branches "r." 6 to 8 ft., each $0.75
8 to 10 ft., each $1.00

A. Negundo (Ash-leaved Maple or Box Elder). "A." Growth rapid, regular and spreading; does well on dry soil. 8 to 10 ft., each $0.75

A. Pennsylvanicum; syn. striatum (Striped-barked Maple or Moosewood). "C." Its bark is striped with green and white. Foliage broad and effective. "m." 6 to 8 ft., each $0.75
8 to 10 ft., each $1.00

A. Platanoides (Norway Maple). "A." Native of Europe. A large spreading tree with a more round compact form than the Sugar Maple. It is a very hardy, vigorous tree, and the best of all Maples for seashore planting, also one of the best for street purposes. "m." 6 to 8 ft., each $0.75
8 to 10 ft., each $1.00
10 to 12 ft., each $1.50

A. var. Schwedleri (Schwedler's Norway Maple). "B." The early foliage of this variety is a bright crimson, fading to purplish green. "m." 6 to 8 ft., each $1.25
8 to 10 ft., each $2.00

A. var. Geneva (Geneva Maple). "B." Foliage dark green in spring; turning deep red in mid-summer. Irregular and spreading in growth. "m." 6 to 8 ft., each $1.00
8 to 10 ft., each $1.50

A. Pseudo-platanus (Sycamore Maple). "B." A noble European variety of rapid, spreading growth; broad, deep green foliage. 6 to 10 ft., each $1.00

A. var. purpureum (Purpure Sycamore Maple). "B." Foliage dark green on the upper surface and red purple underneath. "m." 6 to 8 ft., each $1.00

A. rubrum (Red or Scarlet Maple). "B." Conspicuous in spring for its masses of red blossoms, and in fall for its glowing crimson foliage. "m." 6 to 8 ft., each $1.00
8 to 10 ft., each $1.50

A. saccharinum (Sugar or Rock Maple). "A." Probably the most generally used of all shade trees. Its beautiful autumn tints are familiar to all "r." 8 to 10 ft., each $1.00
10 to 12 ft., each $1.50
12 to 14 ft., each $1.75

A. spicatum (Mountain Maple). "B." Leaves rough and broad. "r." Twice deep red with conspicuous clusters of pendulous greenish-yellow flowers. "r." 4 to 5 ft., each $1.00
5 to 7 ft., each $1.25

A. Tataricum var. Ginnala. "C." An exquisite miniature Maple from Siberia, with deeply notched leaves, which take on the most gorgeous tints of orange and crimson in October. A fit companion to the Japanese Maples. Very hardy and useful for screens and border planting. "r." 3 to 4 ft., each $0.35
4 to 5 ft., each $0.50

JAPANESE MAPLES

A. polymorphum atropurpureum (Blood-leaved Japan Maple). "C." This is the most popular variety, with beautiful foliage of blood red color. It is pretty all through the season, and is particularly fine when its foliage is fully expanded in early spring. "m." 2 to 2½ ft., each $1.50
3 ft., bushy, each $2.00

A. var. dissectum atropurpureum (Cut-leaved Purple Japanese Maple). "C." Branches drooping and generally twisted. Leaves finely cut and blood-red when young, changing to a deep purple. "m." 18 to 24 in., each $2.00

A. pol alpalmatum aureum. "C." Very dwarf and compact, and one of the hardiest. Foliage broad, and a large part of summer, a vivid golden yellow. "m." 18 to 24 in., each $1.75

Special quotations will be given on EXTRA LARGE SPECIMENS of Maples; or other Shade Trees in quantity.

Aesculus - Horse Chestnut

Aesculus glabrum (Ohio Buckeye). "B." Leaves smooth. Showy yellow flowers in May. Rapid and spreading in growth. 6 to 8 ft., each $1.00

Aesculus hippocastanum (The European or White-flowering Horse-chestnut). "A." Our well-known Horse-chestnut of large growth in deep soil, flowering in May. 6 to 8 ft., each $0.75
8 to 10 ft., each $1.50

Acer var. Ginnala.

Hardy Deciduous Trees

From this edition of our catalog we have omitted all varieties of questionable hardiness. For varieties not named here, see our General Catalog, which we will mail upon request.

NOTE.—The following letters are used to designate ultimate height of trees at maturity: "A." 50 feet and upward; "B." 20 to 40 feet; "C." 10 to 20 feet. Denoting rapidity of growth: "r," rapid; "m," medium; and "s," slow.
THE NEW ENGLAND NURSERIES, BEDFORD, MASSACHUSETTS

AESCULUS—Continued.

Aesculus var. flore pleno (Double White-flowered Horse-chestnut). "A." Double white flowers, larger than the type. "s." 6 to 8 ft., each ...........................................$1.50

Aesculus rubicunda (Red-flowered Horse-chestnut). "B." The flowers are deep red, showing well against very dark foliage. "m." 6 to 8 ft., each ...........................................$1.75

Ailanthus - Tree of Heaven

Ailanthus glandulosa. "B." From Japan. A rapid, growing tree, with feathery, tropical foliage. Does well on poor soil. "s." 6 to 8 ft., each ...........................................$0.75

Alnus - Alder

Alnus glutinosa (European or Black Alder). "B." A rapid grower, thriving in damp soils.
5 to 6 ft., each ...........................................$0.75

Alnus var. lacinilata (Cut-leaved Alder). "B." From Northern France. Excellent as an individual specimen; of pyramidal habit, bearing dark, deeply lacinilated foliage. Vigorous and hardy. "r." 4 to 5 ft., each ...........................................$1.00

Andromeda arbores, or Oxydendrum arboreum (Sorrel Tree). "C." A small native tree with shining, peach-like leaves, which assume brilliant autumn tints. Flowers in long terminal clusters, pure white and bell-shaped. "m." 3 ft., each ...........................................$0.75

Aralia - Angelica Tree

Aralia spinosa (Hercules' Club). "C." Vigorous in growth, making a large clump from suckers freely produced. In August it bears large clusters of white flowers. It is used for tropical effects in conjunction with other shrubs and low trees. "r." 3 to 4 ft., each ...........................................$0.50
4 to 5 ft., each ...........................................$0.75

Aralia pentaphylla. (See Shrubs).

Betula - Birch

All Birches are attractive whether of the upright or weeping forms. They thrive on poor soil and in exposed situations. They transplant best in the spring.

Betula alba (European White Birch). "A." Of rapid growth, with spray-like branches. Its white bark is effective in winter. Particularly good among Evergreens.
6 to 8 ft., each ...........................................$0.75
4 to 5 ft., each ...........................................$1.00

Betula var. fastigiata (Pyramidal Birch). "B." In growth fastigiata, like the Lombardy Poplar. Bark white. "r." 5 to 6 ft., each ...........................................$1.25
6 to 8 ft., each ...........................................$1.50

Betula var. pendula lacinilata (Cut-leaved Weeping Birch). "B." One of the best known trees in cultivation. Of tall, slender growth, with finely cut foliage borne upon drooping branches almost perpendicular in habit; bark silvery white; indispensable for planting upon lawns. "r." 6 to 8 ft., each ...........................................$1.00
8 to 10 ft., each ...........................................$1.50

Betula var. pendula Youngii (Young's Weeping Birch). "B." When fully grown, a most attractive tree. Its branches are irregular, like those of the Weeping Birch, and bend towards the ground. "m." 4 to 5 ft., each ...........................................$1.50
6 to 8 ft., each ...........................................$2.50

Betula lenta (Sweet or Black Birch). "A." Of large, well-shaped growth, with dark brown spiny bark and broad foliage. "r." Price, each ...........................................$0.75

Betula lutea (Yellow Birch). "A." Somewhat like lenta, but with yellow bark. Price, each ...........................................$0.75

Betula nigra or rubra (Red Birch). "B." A splendid tree and most unique, especially for its shaggy layers of buff-colored bark, which are constantly peeling off. The younger branches are a deep brownish red. Habit broadly pyramidal and foliage glossy. "m." Price, each ...........................................$0.75

Betula papyracea (Canoes or Paper Birch). "A." Bark silvery white and smooth. Very effective among evergreens. "r." 6 to 8 ft., each ...........................................$0.75

Betula pumila. "C." Bushy in growth and good for massing with shrubbery. Foliage small, and bark very dark, "m." 4 ft., each ...........................................$0.75
Cerasus ranunculiflora (Ranunculus-like Flowering Cherry). "C." An upright grower, producing large double white flowers, rose tinted. Those of a ranunculus. "m." 4 ft., each $1.50
Cerasus Serotina (Native Black Cherry). "B." Covered in May with long spikes of white flowers, followed by black cherries. A pretty ornamental tree. "m." 5 to 6 ft., each $0.75

Cercidiphyllum - Kadsura Tree

Cercis - Judas Tree or Red Bud
Cercis Canadensis (American Judas Tree). "B." Before the foliage appears, the stems are clothed with a profusion of reddish-purple flowers, quite unique in color and appearance. The leaves are heart-shaped with a glossy surface. "m." 3 to 4 ft., each $0.50
3 to 4 ft., each 1.00

Chionanthus - White Fringe
(See Shrubs.)

Cladrastis - Yellow Wood

Cladrastis lutea (syn. Virginia lutea). "B." The bark resembles that of the American Beech, the growth being clean and smooth. Foliage light green, flowers white and pea-shaped, produced in long, pendulous racemes in June, covering the trees. A very hardy and beautiful variety. "m." 5 to 6 ft., each $1.50

Cornus - Flowering Dogwood
Cornus florida (White flowering Dogwood). "C." American variety of irregular habit with spreading open top, growing about 25 ft. high. The flowers are white, produced in May, followed by scarlet berries and gorgeous autumnal coloring of the leaves. It associates well with other low trees. Does best in a warm location, in New England. "s." 3 to 4 ft., each $0.50
4 to 5 ft., each 1.00
Cornus var. rubra (Red-flowering Dogwood). "C." This merits all the favor which has been shown it by the public. The flowers are like Cornus florida, except that they are a deep rose color, freely produced. A fine companion to the white form. "s." 2 to 3 ft., each $1.50

Crataegus - Thorn

Crataegus Azarolus var. Carrieri. "C." The deep green glossy foliage remains late. Flowers large and white, the fruit scarlet, and the size of a cherry. "m." 2 to 3 ft., each $0.50
Crataegus Coccinea (American White Thorn). "C." A variety with large foliage. White flowers in May, succeeded by large scarlet fruit. "m." 3 to 4 ft., each $0.50
4 to 5 ft., each .60
Crataegus Crus-galli (Cockspur Thorn). Long thorns, glossy foliage, and bright fruit in autumn. Makes a fine hedge and screen plant. "m." 3 to 4 ft., each $0.50
4 to 5 ft., each .60
Crataegus Oxyacanthha (Common Hawthorn). "C." The English Hedge Thorn and excellent for this purpose in this country. Pure white flowers. "m." 3 to 4 ft., each $0.50
4 to 5 ft., each .60

Cytisus Laburnum
(See Laburnum)
Larix Europaea.

**Fagus - Beech**

*Fagus* *ferruginea* (American Beech). "A." Good in any situation, but preferring strong soil. "s." 3 to 4 ft., each. $1.00

*F. sylvatica* (European Beech). "A." Of slower growth than the American with darker bark and more compact habit. Excellent for screen purposes. "s." 3 to 4 ft., each. $0.75

*F. var. heterophylla* (Fern-leaved Beech). "B." A tree of compact elegant habit. Its foliage is finely cut and fern-like, and its young branches are tendril-like in growth. "s." 3 to 4 ft., each. $2.00

*F. var. pendula* (Weeping Beech). "B." A weeping tree of irregular shape, but a well-grown specimen will profoundly impress one. "s." 4 to 5 ft., each. $2.50

*F. var. purpurea* (Weeping Purple Beech). "B." It grows quite hardy and ought to be planted. Foliage bronze-purple in spring, but fades towards midsummer. A rare and beautiful tree. "s." 4 to 5 ft., each. $2.50

*F. S. var. cuprea* (Copper Beech). "A." A fine tree, often confounded with the Rivers' Purple Beech. Its leaves have not the fine dark purple of the latter, and turn green much sooner. "s." 3 to 4 ft., each. $0.75

*F. var. purpurea* (Rivers' Purple Beech). "A." Its leaves in good specimens are almost black, and hold their color throughout the season. A difficult tree to transplant; it should be moved when small and closely pruned. "s." 3 to 4 ft., each. $1.00

*F. var. purpurea* (Rivers' Purple Beech). "B." 5 to 6 ft., each. $1.50

**Fraxinus - Ash**

The Ash is of rapid growth, and a clean, healthy, vigorous tree. Moths will not feed upon its leaves.

*Fraxinus Americana* (American White Ash). "A." A well-known native tree. Good in parks, grounds, or streets. "m." 8 to 10 ft., each. $1.00

*Fraxinus excelsior aurea* (Golden-barked Ash). "B." A distinct tree at all times, but especially in winter, on account of its yellow bark and twisted branches. 5 to 6 ft., each. $1.25

*F. var. pendula* (Weeping Ash). "B." A well-known species; one of the finest lawn and arbor trees. "m." 6 to 8 ft., each. $1.50

**Ginkgo - Maidenhair Tree or Salisbury**

*Ginkgo biloba. "B."* A small tree from Japan. Grows into columnar form to about 40 ft. The foliage is formed like the Adiantum Fern, thick and glossy. Very desirable on small grounds. "s." 6 to 8 ft., each. $1.50

**Gleditschia - Honey Locust**

*Gleditschia triacanthos* (Honey Locust). "B." A fast-growing native, with strong thorns and fine foliage. It is out of growth and ought to be planted more generally. 12 to 18 in., $15.00 per 100. 3 to 4 ft., each. $6.50

**Gymnocladus - Kentucky Coffee Tree**

*Gymnocladus Canadensis* (Kentucky Coffee Tree). "B." Forming a large, irregular open specimen, with immense pinnate leaves and few twigs. Foliage bluish-green. In June it bears large panicles of green flowers followed by very long pods. Quite desirable. Does well in low, wet places. "s." 4 to 5 ft., each. $0.75

**Koelreuteria - Varnish Tree**

*Koelreuteria paniculata. "B."* If only for its mass of orange-yellow flowers, which, in July cover the tree, this should be grown. It is a small-growing tree from China, with large pinnate leaves. An unusually good lawn tree. "m." 3 to 4 ft., each. $0.75

**Laburnum - Golden Chain**

*Laburnum vulgare* (Cytisus Laburnum). "A." A native of Europe, with smooth and shining foliage. The name "Golden Chain" alludes to the length of the drooping racemes of yellow flowers, which appear in June. "m." 5 to 6 ft., each. $1.00

*Laburnum var. pendula* (Weeping Laburnum). "C." This tree produces very long, gracefully falling branches while the racemes of rich golden flowers appear from every bud. "s." 6 to 8 ft., each. $2.00

**Larix - Larch**

*Larix Europaea* (European Larch). "A." Compact in growth, with light green foliage and drooping habit. Valuable as a lawn tree. "r." 3 to 4 ft., each. $0.50

6 to 8 ft., each. $1.50

L. *Leptolepis; syn. Kaempferi* (Japanese Larch). The most vigorous grower of the family. Slender, yellowish, ash-colored branches, and light foliage. The handsomest of the Larches as a lawn tree. 3 to 4 ft., each. $1.00

4 to 5 ft., each. $2.00

**Liquidambur - Sweet Gum**

*Liquidambur styraciflua* (Sweet Gum). "B." Its palm-shaped leaves, glossy and green in summer, take on in the fall the most intense shades of purple, orange and crimson. "s." 3 to 4 ft., each. $1.00

6 to 7 ft., each. $1.50

6 to 8 ft., each. $2.00

**Liriodendron - Tulip Tree**

*Liriodendron Tulipifera* (Tulip Tree or Whitebud). "A." Among the largest of our native trees, forming broad, spreading specimens. Leaves glossy and fiddle-shaped. The flowers resemble Tulips, and are large and greenish-yellow, bloomed with orange, appearing in June. "r." 6 to 8 ft., each. $1.00

8 to 10 ft., each. $1.50
Magnolia conspicua (Chinese White or Yulan Magnolia). "C." Makes a low, round tree, covered in May with masses of large snow-white, lily-like flowers. "$2.50"

Magnolia Lennei (Lenne's Magnolia). "C." Its deep dark purple flowers are large and cup-shaped, opening in April. 3 to 4 ft., each. 4 to 5 ft., each. $2.00 $2.50

M. Soulangiana. "C." Perhaps the most popular of all Magnolias, being of vigorous growth, and blooming profusely, even when quite small. The flowers are large, pink on the outside of petals and white inside. 3 to 4 ft., each. 4 to 5 ft., each. $2.00 $2.50

M. spectabilis. "C." Reminisces the preceding sort a great deal. It is rather late in opening its flowers in spring. 3 to 4 ft., each. 4 to 5 ft., each. $2.00 $2.50

M. stellata (Hall's Magnolia). "C." A charming dwarf tree. Flowers double, pure white or with a rosy flush; petals long and narrow. The blossoms greatly resemble our Pond-Lily in appearance. The fragrance is delicate. Earliest and the most abundant blooming of all the Magnolias "$2.50"

1½ to 2 ft., each.

Morus - Mulberry

Morus alba pendula (Taea's Weeping Mulberry). A small tree with drooping branches and dense, deep green foliage. Generally grafted on stems 6 to 8 ft. high. A beautiful and hardy lawn tree. "r." Price, each $1.50

M. var. Tatarica (The Russian Mulberry). Very hardy with reddish fruit. "r." 6 to 8 ft., each. $0.75

M. var. New American. "B." Valued for its large, black and juicy fruit. Very vigorous in growth. Large and handsome foliage. 5 to 6 ft., each. $1.00

Nyssa - Sour Gum, Tupelo

Nyssa sylvatica. "B." A native tree, too little known, as it is one of the most ornamental. Its foliage, a shinning green, turns in autumn to a flaming scarlet. Prefers a damp situation and must be planted when small and pruned severely. "s." $1.25

Ostrya - Ironwood

Ostrya Virginica. "C." Resembling the Hornbeam."s." 3 to 4 ft. each. $0.75

Paulownia - Empress Tree

P. Imperialis. "C." A magnificent tropical-locking tree of extremely rapid growth. Leaves wavy and often 12 to 18 in. in diameter. Sweet-scented, trumpet-shaped flowers in May. Requires a sheltered position. 5 to 6 ft., each. $1.50

Pavia - Buckeye

P. flavia (Yellow Buckeye). "B." Pale green downy leaves and yellowish white flowers in May. "s." 5 to 6 ft., each. $1.50

P. Lyonii. "C." A round-headed tree with showy, upright panicles of pale yellow flowers in May. "s." 5 to 6 ft. $1.50

Persica - Peach

P. vulgaris flore alba plena (Double White-flowering Peach). "C." Covered in May with showy, white double flowers. "r." 4 to 5 ft., each. $0.75

Persica var. flore rosin plaena (Double Rose-flowering Peach). "C." Flowers double, pale, rose-colored, like small roses. May. 4 to 5 ft., each. $0.75

P. var. foliis purpureis (Blood-leaved Peach). "C." Foliage a blood-red color in spring, fading to deep green. The young growth preserves its dark color the entire summer. A very ornamental tree. "r." 4 to 5 ft., each. $0.75

Phellodendron

P. Amurensis (Chinense Cork Tree). "B." In growth much like the Alleghany. Flowers greenish-white, followed by dark brown or black berries in autumn. "s." Price, each. $1.50

The Magnolias

NATIVE SORTS

Magnolia acuminata (Cucumber Tree). "A." A tree of large pyramidal growth, with deep green leaves and yellowish-white inconspicuous flowers in May. The showy carmine fruits are in shape like a cucumber. "m." 6 to 7 ft., each. $1.00

M. glauca (Sweet Bay). "C." Bushy and irregular in growth. Its white flowers appear in June. In sheltered spots, its glossy leaves are almost evergreen. "s." 2 to 3 ft., each. $1.50

JAPAN AND CHINA MAGNOLIAS

All are of dwarfed habit and assume more readily the bush form. Should be planted in the spring.

Magnolia Alexandrina. A choice variety, producing light pink flowers in the first week of May. "s." 3 to 4 ft. each. $3.00
Platanus - Plane Tree

Platanus orientalis (Oriental Plane). "A." A rapid grower and not affected by the air of cities, nor by Insects. Its foliage is handsome and its growth is upright and clean. 8 to 10 ft. each. $1.00

P. occidentalis (American Plane, Sycamore or Buttonwood). "A." Leaves heart-shaped. In growth more like the preceding. 8 to 10 ft. each. $1.50

P. balsamifera (Balsam Poplar). "A." Large glossy foliage, luxuriant growth. Holds its foliage well in autumn. 6 to 8 ft. each. $1.00 8 to 10 ft. each. $1.25

Populus - Poplar

The Poplars are all very hardy and fast growing, and therefore well adapted for screens or street planting. Special quotations will be given for Poplars in quantity.

P. alba (White or Silver Poplar). "B." Rapid in growth, with spreading habit. Leaves white underneath, upper surface green. 5 to 6 ft. each. $0.50 8 to 10 ft. each. $1.00

P. var. Bollweiliana (Bollweil Poplar). "B." Habit is like the Lombardy Poplar, and it is a long-lived tree. Its bark is bluish-gray, with dark green tremulous leaves; white beneath. "r." 6 to 8 ft. each. $0.75 8 to 10 ft. each. $1.00 10 to 12 ft. each. $1.25

P. balsamifera (Balsam Poplar). "A." Large glossy foliage, luxuriant growth. Holds its foliage well in autumn. 6 to 8 ft. each. $1.00 8 to 10 ft. each. $1.25

P. monilifera (Carolina or Cottonwood Poplar). "A." Good in almost any location, thriving at the seaside in poor, sandy soil. It forms a dome-shaped spreading tree, with large, dark, glossy leaves and for screens is unequalled. "r." 8 to 10 ft. each. $0.50 10 to 12 ft. each. $0.75 12 to 15 ft. each. $1.00

P. var. Van Geerii (Golden-leaved Poplar). "P." Variety of the preceding with bright golden foliage. Very constant and valuable for color contrast. "r." 6 to 8 ft. each. $0.50

P. nigra fastigiata (Lombardy Poplar). "B." A well-known tree of narrow upright growth, with light green small leaves. "r." 8 to 10 ft. each. $0.75 10 to 12 ft. each. $1.00 12 to 14 ft. each. $1.50

P. tremuloides (American Aspen). "B." A popular small-leaved species. Very cold. "r." 6 to 8 ft. each. $0.50 8 to 10 ft. each. $1.00

P. angustifolia (Birch-leaved Mountain Ash). "B." Not at large in growth as the American form. Covered through the winter with large clusters of bright scarlet berries. "m." 6 to 7 ft. each. $0.75

P. pacifica (Mountain Ash). "C." One of the most pronounced weeping trees, its branches spreading and bending to the ground. Makes a fine individual specimen. Price each. $1.50

P. pendula. "C." One of the most pronounced weeping trees, its branches spreading and bending to the ground. Makes a fine individual specimen. Price each. $1.50

P. aures (Golden Hop Tree). Resembles the preceding, but has bright golden foliage, which retains its color until frost. 4 to 5 ft. each. $0.50 2 to 3 ft. each. $0.65

P. Parkmani. "C." From Japan. Each bud produces regularly five blossoms set on stems 3 in. long, which are so slender that they bend with the weight of the buds and bloom in a very graceful fashion. The buds are carmine in color. The open blossoms are semi-double; the tree when in bloom presents a most gorgeous appearance. 3 to 4 ft. each. $1.00

P. Toringo (Dwarf Crab). "C." A fine yellow-fruited variety, with showy flowers; one of the best. 3 to 4 ft. each. $0.75

Prunus - Plum and Cherry

Prunus padus (Bird Cherry). "C." A handsome tree with clusters of fragrant white flowers in May. The black currant-like fruit is much sought by the birds. "r." 3 to 4 ft. each. $0.50

Prunus pissardi (Purple-leaved Plum). "C." Handsome form, with purple leaves and wine-red fruits; one of the best of the small purple-leaved trees, retaining its color until fall. "r." 4 to 6 ft. each. $0.50

Pyrus - Flowering Apple

Pyrus angustifolia (Bechel's Double-flowering Crab). A variety which we consider the best flowering Crab of the introduction. The tree is of medium growth, and the flowers are of immense size, of a beautiful pink color, highly fragrant. They are very double and resemble pink roses. 3 to 4 ft. each. $0.75 4 to 5 ft. each. $1.00

Pyrus Schiedeckeri. "C." A beautiful, low spreading tree with compact crown; smooth in all its parts; growth hardy and wily; flowers double, delicate bluish color. 3 to 4 ft. each. $0.50 4 to 5 ft. each. $1.00

P. floribunda (Flowering Crab). "C." Single flowers, buds carmine and white when open. Full of small red fruit in autumn. 4 to 5 ft. each. $1.00

P. carnea (Schiedecker). "C." A beautiful, low spreading tree with compact crown; smooth in all its parts; growth hardy and wily; flowers double, delicate bluish color. 3 to 4 ft. each. $1.00

P. Schiedeckeri. "C." A beautiful, low spreading tree with compact crown; smooth in all its parts; growth hardy and wily; flowers double, delicate bluish color. 3 to 4 ft. each. $1.00

P. carnea (Schiedecker). "C." A beautiful, low spreading tree with compact crown; smooth in all its parts; growth hardy and wily; flowers double, delicate bluish color. 3 to 4 ft. each. $1.00

Petelia (Hop Tree)
Salix - Willow

Salix (Common White Willow). “A.” Well adapted to wet ground, where it grows into a large, broad tree. “r.”
5 to 6 ft. each...........................$0.50
6 to 8 ft. each............................ 1.00

S. vitellina aurea (Golden-barked Willow). “B.” A very showy variety with golden bark of high color, very conspicuous in winter. “r.”
4 to 5 ft. each...........................$0.35
5 to 6 ft. each............................ 0.50

4 to 5 ft. each...........................$0.50
5 to 6 ft. each............................ 0.75

S. Wisconsin Weeping. A variety resembling the Babylonian Willow, except that it is more Hardy.
5 to 6 ft. each............................ 0.50

S. Caprea var. pendula (Kilmarnock Weeping Willow). “C.” A good weeping tree likely to grow coarse in its older state.
2-year head, each.......................... $0.75

S. pentandra or laurifolia (Laurel-leaved Willow).
“B.” Leaves dark, glossy green, highly ornamental. Excellent for seashore planting.
4 to 5 ft. each...........................$0.35
5 to 6 ft. each............................ 0.50
6 to 8 ft. each............................ 0.75

Special quotations for these in quantity.

S. regalis (Royal Willow). “C.” Foliage silvery. Good for color contrasts. One of the finest. Standards, 2-year head, each.......................... $0.75

Sassafras

Sassafras officinale. “B.” Has peculiar, large, deep green foliage, which turns to a deep yellow in the fall. The flowers, small and yellow, appear in little bunches in May and are very fragrant. Well known for its aromatic bark and roots. “s.”
3 to 4 ft. each............................ $0.75

Quercus - Oaks

Quercus alba (White Oak). “A.” A broad-spreading massive tree, one of the finest natives of America. Foliage purple in autumn. A good street tree. “s.”
5 to 6 ft. each...........................$1.00
6 to 8 ft. each............................ 1.50

Quercus bicolor (Swamp White Oak). “A.” One of the best for ornamental planting. Makes an immensely wide tree, having large, dark green leaves and large acorns. “s.”
5 to 6 ft. each...........................$1.00

Quercus cocinea (Scarlet Oak). “B.” It forms a large tree of fine proportions, the leathery leaves turning to a fiery scarlet in autumn. A good street tree.
5 to 6 ft. each...........................$1.00
6 to 8 ft. each............................ 1.50

Quercus macrocarpa (Mossy-cup Oak). “B.” Of massive wide growth, with large, heavy leaves and beautiful mossy acorns. Bark corky and ridged. “m.”
5 to 6 ft. each...........................$1.35

Quercus rubra (Red Oak). “A.” An American variety, rapid in growth, with large foliage, which assumes in the fall a purplish-scarlet hue. It makes a fine specimen and cannot be too highly recommended for general planting.
8 to 10 ft. each...........................$1.60
10 to 12 ft. each........................ 2.00

Quercus palustris (Pin Oak). “A.” It is distinguished by its elegant growth and the drooping tendency of its limbs, and by its fine, deeply cut foliage, which, in the fall, colors brilliantly. Being one of the easiest Oaks to transplant, it is in great favor as a street tree. “r.”
5 to 6 ft. each...........................$0.75
6 to 8 ft. each........................... 1.00
8 to 10 ft. each........................ 1.50
10 to 12 ft. each........................ 2.00

Robinia - Locust or Acacia

Robinia Pseudacacia (Black Locust). “B.” Tree of large size, rapid growth and valuable for timber as well as quite ornamental. The flowers are disposed in long pendulous racemes, white or yellowish, very fragrant and appear in June.
5 to 6 ft. each...........................$0.50

Salix—See Ginkgo.
Syringa - Lilac

Syringa japonica (Japanese Tree Lilac). "B." A pyramidal tree with upright branches and pale green leaves. Its panicles of white flowers are often more than a foot long. It is rapid in growth, very hardy and useful in shelter belts, as well as for its ornamental character. The first trees of this variety ever commercially grown were propagated in our Nurseries in 1885, and since they have been distributed to all parts of the world. "r"

Virgilia (See Cladrastis).

The prices given are for the stock carefully packed and delivered f. o. b. Bedford, unless otherwise stated. Special quotations will be given on shade trees in quantity. We send out but one quality stock, and our New England Grown Trees and Plants have gained a reputation which we value.
New England Quality Roses

Below are described only such varieties as can be
safety transplanted in the Autumn.
set in the ground very deeply. Plant budded Roses
heaping earth around the plants, or cover with leaves
prune to within 4 inches of the ground. For varieties
not named here, see our General Catalog.

Hybrid Perpetual and Hybrid Tea
Roses

(Suitable for Garden Planting)

Strong field-grown plants.

Price, each, $5c; per doz., $3.50; except where other-
wise noted.

Alfred Colomb. Carmine red; very large and full.
Anne de Diesbach. Clear, bright rose; large and frag-
rant.
Baron de Bonstetten. Velvety maroon; large and full.
Baroness Rothschild. Bright pink; very large.
Clio. Large, flesh color, shaded with rosy pink.
Countess of Oxford. Carmine red, tinged with
blurch.
Dean Hole. Silvery carmine, shaded salmon. Very
distinct and free flowering. Price, each, 50c; doz.,
$5.00.
Earl of Dufferin. Velvety crimson, shaded maroon.
Farben Konigin. Deep carmine rose, reflex and bril-
liant pink petals. Price, each, 50c; doz., $5.00.
Franz Deegna. Pale yellow, shading to golden yel-
low in the center. Medium size and fragrant. Price,
each, 50c; doz., $5.00.
Francois Levet. Cherry red, medium, free bloomer.
Frau Karl Kruschki. White.

General Jacquemimont. Bright scarlet-crimson.
Gloire Lyonnaise. Brilliant scarlet; large, fragrant.
Gruss an Teplitz. Dark red.
Hugh Dickson. Crimson, shaded scarlet.
J. B. Clark. Intense deep scarlet, heavily shaded
 crimson. Very double. Price, each, $6c; doz.,
$5.00.
Jubilee. Bright, flashing red.
Julie Margottin. Carmine rose.
Konigin Carola. Light rose color, reverse side of
petals silvery white. Buds long and pointed. Price,
each, 50c; doz., $5.00.
Lady Ashdown. Very pale rose, base of petals yel-
low. Large and full. Price, each, 50c; doz.,
$5.00.
La Reine. Clear, rosy pink.
Louis Van Houtte. Reddish scarlet.
Lyon (The Lyon). Flowers large and full with broad
petals. Color salmon-pink or coral-red, shaded with
chrome yellow. Very fragrant. One of the finest.
Price, each, 50c; doz., $5.00.
Mabel Morrison. One of the best white Roses.
Wildred Grant. Flowers large and of good substance.
Petals silvery white, edged with rosy pink. Price,
each, 50c; doz., $5.00.
Mme. Gabriel Luiizet. Light, silvery pink.
Mme. Plantier. Pure white; early summer bloomer.
Mme. Charles Wood. Vivid Crimson.
Magnolia Charta. Pink and crimson.
Marchliness of Lorne. Rosy pink.
Margaret Dickson. White, pale flesh-color.
Marie Baumann. Brilliant carmine-crimson; large,
full; very fragrant.
Mrs. John Laing. Soft pink, fragrant; blooms late
in autumn.
M. P. Wilder. Cherry carmine.
Mrs. R. G. Sharman-Crawford. Color, deep rosy pink;
flowers large and perfect; free bloomer.
Paul Neyron. Deep rose; very large.
Pharisena. Very large flowers and long buds. Petals
rosy white, shading to a deep salmon-rose. Price,
each, 50c; doz., $5.00.
Perle des Blanches. Pure white.
Persian Yellow. Bright yellow.
Prince de Bulgaria. Large and full. Deep rosy flesh,
shaded with salmon. Price, each, 50c; doz.,
$5.00.
Soleil d'Or. Gold and orange to reddish-gold. A color
peculiar to itself. Price, each, 50c; doz., $5.00.
Rhea Reid. Large and free, with color varying from
rose-cerise to rich crimson-red. Price, each, 50c;
$5.00.
Ulrich Brunner. Cherry red. A fine rose.
Viscountess Folkestone. Creamy white, with salmon-
pink center. Large, free-flowering, early, and one of
the best. Price, each, 50c; doz., $5.00.
White Baroness. Pure white.

Moss Roses

These are grown mostly for their beautiful, mossy
buds. They require close pruning and high culture.
Must be pruned immediately after flowering period
only.

Strong, two-year plants: Price, each, 35c; doz.,
$3.50.
Blanche Moreau. Pure white, large, full.
Crested Moss. Deep pink, buds surrounded with
mossy fringe and crest.
Henry Martin. Fine rosy red.
Salet. Light rose, large, full. The best of the class.

Frau Karl Druschki.
Climbing and Rambler Roses

Strong field-grown plants, each, 35c.; doz., $3.50; per 100, $25.00, except where noted.

**American Pillar.** A rambler type of recent introduction. Flowers in large clusters with yellow stamens. Brilliant red seed in autumn. Price, each, 75c.

**Baltimore Belle.** Pale blush, nearly white, double.

**Crimson Rambler.** Clusters of bright crimson flowers in great profusion.

**Debutante.** A strong climber with dark, glossy foliage. Clusters of blooms large. Color, light pink passing to white. Double. Price, each, 75c.

**Dorothy Perkins.** Clear shell-pink, very sweet-scented. Foliage excellent. Very vigorous. One of the best.

**Flower of Fairfield.** The new, everblooming Crimson Rambler. A strong grower and continuous bloomer. Flowers bright crimson. Price, each, $1.00.

**Hiawatha.** Crimson and white. A new and beautiful variety. Price, each, 50c.

**Lady Gay.** Cherry pink.

**Pink Rambler (Euphrosyne).** Brilliant light carmine.

**Queen of the Prairie.** Bright, rosy red, double.

**Tausendschön.** Soft pink. New and good. Price, each, 50c.

**Trier.** Pink. An everblooming pink Rambler of much value. Price, each, 75c.

**Wedding Bells.** Pink. Resembles much the D. Perkins Rose, but blooms later.

**White Dorothy Perkins.** White. One of the best yet introduced. Price, each, 50c.

**White Rambler (Thalia).** Pure white, sometimes tinged with blush.

**Yellow Rambler (Aglaia).** Clusters of light yellow flowers.

**Velichenblau (The Blue Rambler).** A vigorous climber, producing immense panicles of blooms, opening reddish-lilac and changing to amethyst and steel blue. New. Price, each, 75c.

The above-named varieties are all hardy, and selected for their strong growth and free flowering qualities, as well as for their beautiful colors of bloom and foliage.

Hybrid Sweet Brier Roses

Like their parents, the common Sweet Briar, the foliage is deliciously scented. The flowers are single and of bountiful tints.

Strong 2-year plants, each, 50c; doz., $5.00.

**Amy Robsart.** Lovely, deep rose.

**Anne de Geirstein.** Dark crimson.

**Flora McVor.** Pure white, flushed with rose.

**Belle Poltine.** Deep rose color. Flowers semi-double.

**Meg Merrilies.** Crimson.

**Rose Bradwardine.** Beautiful clear rose.

Trailing or Memorial Roses

Excellent for cemetery planting or covering embankments.

Price, each, 35c; doz., $3.50; 100, $25.00.

**Evergreen Gem.** Foliage nearly evergreen. Flowers double, rich bronze color.

**Gardenia.** A vigorous grower, but bright yellow, opening cream color.

**Manda’s Triumph.** Large, double white.

**Pink Roamer.** Single, bright pink.

**South Orange Perfection.** Soft blush-pink.

**Universal Favorite.** Large double pink.

**Wichuralana.** The true Memorial Rose. Creeps rapidly over the surface, forming a mat of dark green foliage. Flowers pure white, borne in clusters.

Dorothy Perkins Rambler Rose.
Rugosa Hybrids

This very interesting group is of Japanese origin and possesses some wonderful characteristics. The plant is very ornamental, having a rich plicated foliage. The flowers are mostly single.

Agnes Emily Carmean. Flowers in clusters; brilliant crimson, of the shade of General Jacquemimot; very free blooming, and continuing in bloom nearly all summer; a rampant grower, handsome foliage, and very hardy. Price, each, 50c.

Conrad Frederick Meyer. Clear, silvery rose; very fragrant, very vigorous, but well formed like La France. Price, each, 50c.

Madam George Brunat. Buds long and pointed, semi-double when open, white and fragrant, borne in clusters throughout the season; vigorous and hardy. Price, each, 50c.

Rosa rugosa var. prostrata (Trailing Rosa rugosa). This variety is a hybrid form of the well-known Rosa Wichuralana and Rosa rugosa. It has foliage and blossoms of the latter and the vigorous growth and habit of the former. Price, each, 75c.

Sir Thomas Lipton. A new double white rugosa. Price, each, 50c.

Rosernie de l'Hay. A new hybrid rugosa of which we cannot speak too highly; a good grower; flowers very double; color carmine-cherry-red; a free bloomer and exquisitely scented. A most desirable acquisition. Price, each, 75c.

Rugosa alba. Single, pure white, having five petals and highly scented. Price, each, 35c.

Rugosa rubra. Single, bright rose crimson succeeded by large, brilliant berries of much beauty. Price, each, 35c.

Rose Gardens

When carefully selected and arranged, hardy Roses create a "Garden of Delight," from which many hours of pleasure may be derived throughout practically the whole summer. We are in touch with expert growers and through whom we can supply designs and estimates for Rose and Flower Gardens and general planting of all descriptions. The cost of such service is always reasonable, varying, of course, with the nature of the work under consideration.

Standard Roses, or Roses in Tree Form

We offer the following varieties of Roses grafted on stumps 3 1/2 to 4 1/2 ft. high.

General Jacquemimot. Price, Mrs. Jno. Luizet, 50c; Mrs. Gab. Luizet, 75c.

Crimson and White. Price, Dorothy Perkins, 50c; Pink Baby Rambler, 50c; Crimson Baby Rambler, 75c.

Dwarf Bedding Roses, or Baby Ramblers

A type of Rose which is becoming very popular for bedding purposes. They form shapely, compact, bushy specimens about 18 inches high, producing in great profusion from early in the season until severe frost, immense trusses of small flowers.

Baby Dorothy. Offered for the first time last season. Nothing can surpass its beauty in a deep pink shade. It has all the flowering qualities of the famous Dorothy Perkins, but, being dwarf, it is completely smothered in flowers throughout the summer and fall.

Strong, field grown plants, each 25c; doz., $3.50.

Crimson Baby Rambler (Mme. Norbert Lavasasseur). Crimson flowers similar to the popular climbing Crimson Rambler.

Strong, 2-year plants, each 50c; doz., $5.00.

Mrs. Wm. H. Cutbush. A beautiful cherry pink, and very free flowering.

Strong, 2-year plants, each 50c; doz., $3.50.

White Baby Rambler (Katherina Zemlet). Pure white flowers, showing the yellow stamens very prettily, produced in large candelabra-shaped trusses.

Strong, 2-year plants, each, 50c; doz., $3.50.

Garden Books

Of the many garden books offered, we know of no one more useful to the amateur gardener than Kirkegaard's Handbook of Gardening. It contains just such information as one requires in making the best selection of varieties and to properly care for hardy plants or trees. Practically everything worth growing is described. The flowering season of each plant is given, its ultimate height, color of bloom, etc. Also articles on insects, spraying, pruning, planting and preparation of soil. A copy should be found in every household plant lover. We will furnish this book containing 400 pages and beautifully bound in cloth for $2.50. Mailing price, $2.70.

Special Offer to Our Customers

To parties who favor us with orders for nursery stock amounting to $10.00 or more (cash accompanying order) we will furnish for the price of $1.00, a copy of Kirkegaard's Handbook of Gardening.
Fruit Trees and Small Fruits

We are probably the largest distributors of fruit trees but the healthiest and best grown stock obtainable. In all, we have about 200 varieties of young fruit-trees grown anywhere in New England. For description of varieties, see our General Catalog.

Standard Apples

First grade, 2-3 years old, 5-7 ft. high. Each, 40 cts.; doz., $4.00; per 100, $20.00.
First grade, 1 year old, 4-5 ft. high. Each, 25 cts.; doz., $2.50; per 100, $20.00.
Baldwin, Bellefleur, Ben Davis, Duchess, Early Harvest, Fall Pippin, Fameuse, Gravenstein, Golden Russet, Hubbardston's, Northern Spy, Pound Sweet, Rome Beauty, Stark, Talman Sweet, Wolf River, Wine Sap.
Gilliflower, McIntosh Red, Wealthy, Opalescent, Porter, William's Favorite, Yellow Transparent.

Crab Apples. Hyslop, Martha, Transcendent, Whitney. $4.00 per doz.; $30.00 per 100.

Dwarf Apples. Baldwin, McIntosh, Red Astrachan, Duchess, Gravenstein, Fameuse, Wealthy, Wagner, Yellow Transparent. $4.00 per doz.; $30.00 per 100.

Trained Fruit Trees

We have to offer a large variety of “Fan-trained” Fruit Trees, s. a. Apples, Pears, Plums and Peaches. These produce the most perfect fruit, and are excellent for covering walls, trellises, etc. Also Pyramidal trained Apples and Pears in the best varieties. Price, $2.00-$4.00 each.

We are the largest distributors of fruit trees and small fruits in New England, and we send out our Bedford Nurseries can be shown the largest lot of fruit-trees.

Standard Pears

Bartlett, Beurre d'Anjou, Duchess, Flemish Beauty, Keiffer, Howell, Lawrence, Manning's, Sheldon, Seckel, Vermont Beauty, Wilder. $4.00 and up, 5 to 6 ft., 5c each; $5.00 per doz.; $40.00 per 100.
Beurre Clairette, Clapp's Favorite, Worden Seckel, Winter Nellis. First grade, 4 in. and up, 5 to 7 ft., 5c each; $5.00 per doz.; $45.00 per 100.
Beurre Rose, 4 in. and up, $1.00 each; $10.00 per doz.; $75.00 per 100.

Dwarf Pears

Bartlett, Beurre d'Anjou, Clapp's, Duchess, Lawrence, Seckel. First class, 3 to 4 ft., 40c each; $4.00 per doz.; $30.00 per 100.

Cherries

Black Eagle, Black Tartarian, Early Richmond, Gov. Wood, Montmorency, English Morello, Rockport, Windsor, Yellow Spanish. First grade, 3 in. and up, 5 to 7 ft., 50c each; $4.00 per doz.; $30.00 per 100.

Plums

Abundance, Bradshaw, Burbank, Coe's Golden, Lombard, Reine Claude, Damson, Satsuma, Yellow Egg, Wickson. First grade, 3 in. and up, 4 to 5 ft., 40c each; $4.00 per doz.; $20.00 per 100.

Peaches

Belle of Georgia, Crawford Early, Crawford Late, Champion, Elberta, Fitzgerald, Mt. Rose, Old Mixon, Stump, Greenhopper, Crosby. First grade, 4 to 5 ft., 50c each; $2.50 per doz.; $15.00 per 100.

Hardy Grapes

Strong Plants: Each, 30c; doz., $3.00; except as noted.
Agawam (Rogers's No. 15). Dark red, tender juicy. Sept.
Green Mountain. Desirable in every way, very early, 50c.
Moore's Diamond. As early as Concord, large, fine flavored. 50c.
Salem (Rogers's No. 22). Very rich flavor, large. Sept.
Campbell's Early. Large, black and very sweet.

Quinces

Champion, Meeche's, Bourgeat, Orange, Ren's, Mammoth. First grade, 4 to 5 ft., 50c each; $4.00 per doz.; $35.00 per 100.

Everybody is pretty much like everybody else when it comes to ordering—they want their plants right now—but all we can do is to ship each order in the order's turn. The man with a small 'order stands the same chance as the man with a large order. So why take chances. Order early—now.
Strawberry Plants

Pot-Grown for August and September Planting.

For garden culture, set one foot apart in the row, and the rows two feet apart, keep the runners cut off. The varieties marked "*" are prolific and must have a row of staminates, or perfect-flowered varieties, planted every ten feet among them. Doz., 80c; 100, $2.50; except where noted.

The Autumn (*). Of vigorous growth, very productive and of mild flavor; dark red, late. "Autumn" is a staminiate and must have a few Pan-Americans to fertilize them. Doz., $5.00; 100, $10.

Pan-American. New everbearing variety of good quality, large, clear red, free from rust and of fine flavor. A persistent bloomer from May to November. Doz., $2.00; 100, $15.00.

Commonwealth. Very large, conical in form, deep crimson in color and sweet in flavor; very late. A superior variety.

Minute Man (*). Vigorous grower, free from rust; berries light red. Mild flavor.

Marshall. The fruit is very large, deep crimson color and of extra quality. Late.

Clyde. Large, roundish conical form, bright scarlet, good quality. Season medium.

Miller. The fruit is very large, roundish conical in form, and of a bright glossy red color. It is very uniform in shape and size. Season medium.

Sample (*). Fruit large, roundish conical in form, good flavor. Late.

Haverland (*). A fine berry; color light red. Large and of good quality. Early.

Gandy. Large, late. Crimson.

Glen Mary. A desirable main crop sort. Brandywine. Hardy, good quality. Late.

Asparagus

An easily cultivated crop, capable of giving large returns. Set plants 1-2 feet deep, and in double rows, with the plants about 1 ft. apart. We strongly advise salt to be used as a fertilizer.

Conover's Colossal. Of large size, rapid growth and excellent quality. 100, $1.00; 1,000, $7.00.

Palmetto. A very popular variety of best quality. 100, $1.00; 1,000, $7.00.

Our new RUST-PROOF GIANT ASPARAGUS has been thoroughly tested, and appears to be perfectly immune from rust. It produces a large yield, and in quality it is second to none. We predict that when it becomes better known, it will supplant all other varieties. Strong 2-year plants. Price: Doz., 50c; 100, $2.00; 1,000, $15.00.

Rhubarb

Champagne. A choice new English variety. Each, 50c; doz., $1.00.

Linnaeus (Myatt's). Large, early and of good quality. Each, 25c; doz., $2.00.

Apples in Nursery.

Apricots

3 to 4 ft., in variety, 50c each; $5.00 per doz.

Nectarines

3 to 4 ft., in variety, 50c each; $5.00 per doz.

Gooseberries

Downing. Whitish-green; vigorous and prolific. Price, per doz., $1.50; per 100, $12.00.

Houghton. Vigorous but slender grower. Pale red berries. Price, per doz., $1.50; per 100, $12.00.

Industry. Large dark red fruit of delicious quality. We recommend this for general use. Price, per doz., $2.00; per 100, $20.00.

Pearl. Very prolific. Bright green and quality first-class. Price, per doz., $1.50; per 100, $12.00.

White Smith (European). Fruit yellowish-green; sweet and very good. Price, each, 25c; per 10, $2.00.

Dewberry

Lucretia. A trailing variety of the Blackberry, ripening between the Raspberry and Blackberry. Fruit large and handsome. Price, per doz., $1.00; per 100, $5.00.

Raspberries

Doz., $1.00; 100, $5.00; except as noted.

Cuthbert. Red, firm and superior quality. Columbian. Very large, a fine keeper. Doz., $2.00; 100, $10.00.

Golden Queen. Productive and of superior quality, golden yellow.

Cumberland. One of the finest, large and productive.

Gregg. Good size, productive and hardy.

Marboro. Large, red, very productive.

Blackberries

Doz., $1.00; 100, $5.00; except as noted.

Agavum. The earliest; flavor like the wild berry.

Nevan. Best quality, very sweet. Doz., $1; 100, $6.

Eldorado. Hardy, good size and quality.

Massachusetts Thornless. Fruit medium, hardy and very productive.

Wilson's Early. Large and sweet.

Taylor's Prolific. Extremely hardy, large, prolific.

Currants

Black Naples. Fine for wine and jelly. Doz., $1.50; 100, $9.00.

Cherry. Large, red, juicy and acid. Doz., $1; 100, $8.

Fay. Like Cherry, but more prolific. Doz., $1; 100, $8.

La Versailles. Very large, red. Doz., $1; 100, $8.

Perfection. The largest red Currant in existence; a prize winner. Each, 30c; doz., $3.00.

Pot Grown Strawberries.
## Insecticides

We are frequently called upon for advice regarding the safest and most effective Insecticides and Fungicides, and can particularly recommend the "Sterlingworth Brands," which we have found to be very superior. We can supply the following kinds at annexed prices.

### Preparations for Leaf Eating Insects

<table>
<thead>

When stock is shipped by freight via Boston, there will be a charge for transferring across the city, in addition to the above freight rate, about as follows: 100 lbs., 25 cts.; 300 lbs., 35 cts.; 500 lbs., 50 cts.; 1,000 lbs., $1.

When the buyer lives within ten miles of Boston it is usually cheaper to ship the stock by freight to Boston and forward from that point by a local express.

WHITE PINES  SPECIAL OFFER

Frequently, transplanted, well rooted trees, dug with ball of earth, and especially suitable for Forestry Purposes.

$40.00 per 100

THE NEW ENGLAND NURSERIES CO. - - BEDFORD, MASS.
Location of the New England Nurseries
